- D. Elective Course in Agriculture.
- E. Course in Engineering.
- F. Course for Electricians.
- G. Course for Power Plant Operators.
- H. Course in Textile Engineering.
- L. Course in Telephony.
- M. Course in Agricultural Engineering.

Summer Courses.

Summer School of Cotton Classing, six weeks.
Summer Course for Farmers, one week.

Winter Course.

Course for Road Supervisors and County Surveyors.
For full information concerning the details of these various courses and other information address, The Registrar, College Station, Texas.

THE CORPS GOES TO DINNER.

KEASLER DEIGNATED AS HONOR MAN RECEIVES APPOINTMENT TO U. S. ARMY

Colonel T. F. Keasler, one of the most popular and efficient colonels in the history of the A. & M. College regiment, received the appointment as "honor man" from the A. & M. College. This designation carries with it the appointment to the United States Army as a second lieutenant.

Ability as a military leader, good moral character, and general fitness as a soldier determine the appointment. The selection is made by the Commandant and President.

Although Keasler has not definitely announced whether he will accept the appointment or not it is generally supposed that he will enter the service immediately, there being many vacancies now.

FISH TANK POPULAR.

Swimming parties with "eats on the side" constitute the most popular amusements at the College these summer months. Every few evenings college folks go to the old fish tank either in autos or on wagons, enjoy a swim, and some good food.

In the afternoons the trail to the tank is kept hot by men who walk over, take a plunge and then walk back. A better place in which to swim can not be found.

"SADIE MAY" RYLANDER REMEMBERS OLD FRIENDS.

"Sadie May" Rylander, of San Marcos, promising football man, and all-round good fellow remembered his old friends Dudley Moore, Joe Rogers, Coach Graves, Horace Sawyer, "Dad" Neyland, Ike Ashburn, and others with a pecan cake this week. It was "some" cake and the gang is wishing that other old friends at home would remember the boys on the firing line at A. & M.

THE VETERINARY HOSPITAL.

POSITION OF TUTOR CREATED FOR "FISH" W. L. FIRTH IS NAMED.

Former Instructor and Coach at Allen Academy Will Assist First Year Men in Difficult Subjects.

The appointment of W. L. Firth, instructor and coach at Allen Academy for the past few years, as tutor for freshmen at the A. & M. College has been announced by President Bizzell. Mr. Firth will begin his new duties with the opening of school in September.

Each year a large number of first year students are dropped from the college rolls because of their inability to keep up with their work. In most instances men so dropped are men who are lacking preparation. Mr. Firth will make his home in the dormitories and will be at the service of any cadet who is in need of assistance in any particular subject.

Firth also will assist in athletics although it is not definitely known, just now, what his duties in that line will be. He has been highly successful in track and probably will have much to do with the coaching of that team.

"I want it distinctly understood that Mr. Firth will have absolutely nothing to do with discipline," said President Bizzell in announcing his appointment. "He will make his home in the dormitories but he will not be responsible to the Faculty or Commandant's Office in any sense of the word. I am of the belief that Mr.

Firth will be able to help many students over the roughest places in their college career, which come in their Freshman year, and hope that the boys will call on him freely."

BUILDING HOUSE FOR COACH GRAVES.

Work has begun on a new home for Coach "Tubby" Graves. The new house will be located near the recently constructed home of George L. Byars, superintendent of building and grounds. It will be of frame construction.

Three other cottages will be constructed during the summer months for various employes of the College.

A new home for the Commandant will be built soon, also, as the house where he now lives is to be moved from its present site.

RESOLUTIONS OF RESPECT.

Whereas, God our Father, has seen fit to take from our midst and from our beloved classmate and student, C. C. Braden, his sister Beulah,

Be it resolved that the class of '18 and the officers of the A. & M. College express our deepest heartfelt sympathy to our classmate and to the bereaved ones.

Resolved further that a copy of these resolutions be published in the Battalion, a copy be sent to the bereaved family and a copy be published in the Jefferson paper.

Signed Committee Class, '18.
Committee of Officers of College.
