C-D	1	0	1.000
E-F	1	0	1.000
G-H	1	1	.500
A-B	0	1	.000

Results Saturday.

G-H 13, A-B 0.  
C-D—E-F, Postponed.

G-H, 13—A-B, 0.

In the second game of the inter-company football series Sunday, G-H defeated A-B by the score of 13-0. Both teams played fast, snappy ball. Fish Hale of H-1 made the first touchdown about the middle of the first quarter. The half ended with the score 6-0. In the last few moments of the game Lovelady of G-1 scored another touchdown and Leidolf successfully kicked goal which made the final score 13-0. Special mention might be made of the excellent defensive work of Powell and Whitton.

SECOND REGIMENT.

Standing of the Teams:

	W	L	Pct.
E-F	1	0	1.000
C-D	1	1	.500
A-B	0	1	.000
G-H	0	0	.000

Results Saturday.

E-F 6, C-D 0.  
A-B—G-H, Postponed.

E-F, 6—C-D, 0.

The C-D, E-F game Sunday afternoon resulted in a score of 6-0 in favor of E-F. There was very little football displayed in this game, the only touchdown being made on a fumble, and pure ignorance causing E-F to fail to make their goal. Hudnal starred for E-F and Joe Brown with his weight did some splendid line punting. "Big Swede" Simpson and "Red" Thompson of C-D attracted a great deal of attention by showing good football sense although neither was in good form for a game.

Fish Cape is spending the week end at his home in San Marcos.

If the score 13-0 signifies anything, then the game between C-D and G-H will be a hard one.

G. W. Carlisle has been visiting his parents in Plano for the past few days.

The team came home victorious. None doubted that, we reckon, We knew before the team left home, That they'd "bring home the bacon!" And none have crossed the Aggies' goal, And none shall cross this season. Looks at the corps, band, the team, And you'll not ask the reason. —Aggie Lyrics.

A. K. Foster (Red), D-2, spent the past week in Dallas and at his home in Greenville.

R. I. Martin and A. J. Dreyfus, D-2, attended the L. S. U. game in San Antonio and remained for a few days visit with the home folks.

D-2 was well represented by the finny tribe at the L. S. U. game; Fish Peeler, Parks and Boone being right there.

A. D. Martin has been called home on account of the severe illness of his sister.

"Red" Dawson, Ben Garrity and "Easy" Prideaux were soldiers three at the game Saturday.

"Tappie" Davidson has gone to San Antonio to take the examination for the Aviation school at Austin.

E-F 2nd is on the way to the goal. A victory over C-D 2nd gives a good chance for the Regimental championship.

The tiger is a funny freak,  
I remember one I saw;  
That every meal that he received,  
Was taken in his paw.  
I don't know how the beast exists;  
His stomach sure must gnaw,  
For all the food that he ever gets  
Is swallowed by his maw.  
S. W. H.

Prof. Bowersox was giving a lecture on the polygon of forces and ended up by saying, "A force of ten pounds acting at an angle of fifteen degrees." A Fish frankly asked, "Fahrenheit of Centigrade."

One of the Chem Profs tells this one:  
Fish Strange: "Professor where can I find some concentrated H2O?"

THE NEWEST UNIVERSITIES.

Some of the greatest universities are less than a year old. Many of the students have no feet. Scores of others are short a hand or an eye.

The faculty cobbles its own shoes and wishes it hadn't lost its toothbrush.

Everybody connected with these more recently established universities of Europe is uniformly dirty, ragged and lousy.

The flag and drum department of war has a great deal of the dramatic to recommend it; the prison camp lacks several points of being thrilling.

The deadly monotony of it drives many a man mad. Authentic reports state that ten to twenty per cent of all prisoners of war are insane.

To save their minds, classes are organized to study everything from Sanscrit to Insect Powder. And university professors are to be had, in abundance, prepared to teach anything within the range of human interest.

In each of these European prison camps, social workers are now maintained to organize and promote such studies, recreation, games and sports as may save the mind of many a young fellow headed toward melancholia.

A man who has lost his foot is in a bad way, but he may make a crutch. Up to this time, nobody has thought out the problem of an artificial brain.

It is expected that the increased number of social workers to be added to these camps this winter will save many a life.

Last year, it will be remembered, the college students of America contributed more than \$200,000 to what was known as the "Student's Friendship War Fund."

Dr. John R. Mott, upon his recent return from a tour of the European prison camps, states that hundreds if not thousands, of lives were saved last winter by this means.

It is asserted that, in many cases, a ten dollar bill would have bought all the necessities to keep a prisoner alive—to keep a sick man food suitable for an invalid, or an overcoat for some anaemic fellow with insufficient clothes.

By the way, had you noticed the inferior grade of Worcester's Sauce we've been getting lately?

Takes a tiple dose of the stuff to make a steak like anything at all. Wonder what's the matter? The war-prisoner—that's what ails everything.

The thought of him takes our appetite.

He haunts us—he does—with his lean, un-shaven jaws. And his sunken eyes. And his loose teeth. Let's help him.

Contributions will be received either by Mrs. Youngblood, Mrs. Bizzell or T. E. Hagan at 39 Ross Hall.

AMONG THE COMPANIES

To Glimp and Simpson of C-2; "Twinkle, twinkle little hair, How I wonder where you air, Up above the lips so brave— Why in the world don't you shave?"

Word has been received that S. L. Matthews and H. B. Moses, last year of C-2, have sailed for France in the Aviation Corps.

C. L. Babcock visited home Saturday and Sunday.

The band members wish to extend their thanks to the corps for the liberal support towards the trip to San Antonio.

Reserved seats to the chair car on the San Antonio trip, were sold to the fish and one junior in the band last Friday night.
