

reign supreme over the staff and band in the lower half of Mitchell. "Fireball", "Dad" Harvin (Captain Q. M. C., U. S. A.), is in command of the civilian, Non-R. O. T. C., "Casual" detachment in the upper half of this hall.

The newly organized Battery, "A", under Captain Ed. Hopkins, has begun work in "Fort" Foster, while the Companies "A" and "B" of the new Signal Corps unit under the command of Captain Jim Porter have fallen heir to the "Good Ship" Ross of S. A. T. C. recollections. These new organizations are opening up strong and the prospects for efficient instruction of the members are most brilliant.

Along with the reorganization came some very radical changes in regard to the time of the various calls. Assembly for reveillee now sounds at 7:30 a. m., and first class call is at 9:00 a. m. Noon Mess is scheduled at 1:00 p. m., and the evening call to quarters has been moved up to 8:00 p. m. The greatest and most favored change is the changing of taps, the "goodnight" signal of the Cadet Corps, from 10:30 until 12:00 o'clock. It isn't as bad as it sounds for the entire schedule has been moved up an hour, but the cadet has not been found who wasn't overjoyed to realize that he could burn the juice until midnight without finding his name on the "Ram List" next day.

Guard mounting has been abolished on week days and the Faculty, at the suggestion of the Executive Com-

mittee, has ruled to do away entirely with the sentinels always posted at Call to Quarters and relieved at Tattoo. It will be difficult, when this ruling becomes effective, for the cadets to study without the measured tread of the hard-boiled sentinels outside their doors. But it is expected that time will overcome the habit and it is with greatest relief that the High Private hears the news. Another recent privilege given the cadets was the right to go to Bryan on any afternoon when no classes interfered. On the whole, life at A. and M. is fast becoming more like a College and less like the Army, although the present system of R. O. T. C. training will probably surpass the older methods in results.

Y. M. C. A. NOTES.

More "Y" men in Y. M. C. A. service have received the Croix de guerre than any other organization for their heroism on the western front.

The Students Volunteer Conference will be held in Dallas in the City Temple, April 4, 5 and 6. R. R. Abicht and N. A. Snell will represent the College "Y"

The Army "Y" did a canteen business at the rate of \$20,000,000 a year. Of course there were mistakes. Men by the thousands are in their graves who were sent to leath and slaughter by the mistakes of their officers. We marvel at the few mistakes when we consider the stupendous job.

MILITARY UNIFORMS

We are ready to supply your every want in the line of military equipment. You will find our goods the best and the lowest in price. All sizes in

Serge Caps
Serge Uniforms
Khaki Uniforms
Side Lace Leggings
Poplin Shirts
Stetson Hats, Etc.

THE COLLEGE STORE

J. M. CALDWELL'S JEWELRY STORE

Visit this Store while in Town.

We are Headquarters

For all kinds of A. and M. College jewelry. New goods just received.

We want you to come in and see our line.

We keep an assortment of Hamilton, Howard, Elgin and Waltham high grade watches in stock.

Have Your Eyes Tested

Glasses scientifically fitted by a man who knows how. If your glasses meet with an accident we can duplicate your lenses from the broken pieces. No need to send them back home to have repaired or replaced.

FINE WATCHWORK AND ENGRAVING

LET US SERVE YOU.

J. M. CALDWELL, Jeweler
BRYAN, TEXAS

Mr. T. O. Walton addressed the "Y" men last Sunday evening in the Y auditorium on the subject "What Constitutes Success." Every College man should have heard that address.

The Students Forum will be held on Tuesday night immediately after supper instead of Wednesday night.

The entertainment given by the "Y" will be Wednesday and Saturday nights.

The Signal Corps Detachment of the R. O. T. C. is being organized. There is to be two companies of this branch. Company "A" of the Signal Corps has Fritz Murreh of the band as captain, but he is still to be connected to the band as he is the one who slides the pep into the band. The work in the Signal Corps will begin soon and will consist of the study of the buzzer and field practice in signaling and the use of instruments in field communication.

Most of I Company's men say that they had a very good time at home during the past week except for the fact that they missed Reveille exercises.

Everyone extends a hearty welcome to A. B. Knickerbocker upon his return to the ever-flowing fountain of knowledge. Let those who are despondent and heavily laden listen to his melodious voice and away will float their cares on a cloud. Let the grasscutters beware and sharpen their tools, for vegetation is bound to grow by leaps and bounds. Let the "Fish" use their eyes and learn how to eat Navy beans.

Sergeant Harris' orchestra is becoming quite popular. We know that it will make a great success under such competent direction.

The customary stag dance on the first stoop of Milner will begin at 6:30 this evening. That jazz band will be there.

G. M. Crook has been made a second lieutenant. You can't keep a good man down. Stay in there George.

Ike of I company says he wonders why there is always a larger attendance at Breakfast than at Reveille.
