**OKLAHOMA U. WINS  
THE SOUTHWESTERN  
MEET AT DALLAS**

(Continued from Page 1.)

mile run, the broad jump, the shot, discus, javelin and relay.

Brown of Texas showed real class in the pole vault when he cleared the bar nicely at 12 feet. He might have gone higher but the last holes in the "up rights" had been cleared when he made this height. This performance established a new Conference record; the old record was eleven feet six and one-half inches held by Rothe of Texas A. and M.

Another record was lowered in the half mile when Miller of Oklahoma broke the tape at the end of 1 minute 59 and three fifths seconds. The winner set the pace from the crack of the gun and was never headed altho White of Rice was not far back at the finish.

The mark of 10 minutes and 26 seconds in the two miles, establishes a record for this event also. The Oklahoma man who won this race also set his own pace from the start. He ran the first mile in 5 minutes and 4 seconds and had a comfortable lead at that time which he continued to increase during the remaining four laps.

"Fish" Patterson for A. and M. ran a great race in the mile. He set the pace for more than three laps, his time at the end of the first half was 2 minutes and 15 seconds. The Oklahoma man however had slightly the better of the argument and succeeded in patting four feet of space between the two during the last 220 yards. The Fish ran, a great race however and gave all that he had. The winners time was 4 minutes, 37 and two-fifths seconds. The 880 came so close after the mile that none of the men who ran in the latter attempted to repeat in the shorter race.

The 100 yard dash was a spectacular race as four men finished within four feet of one another and some of these changed positions during the last five yards. The judges immediately went into secret session and after hot argument decided to place the men as follows: Abbot of U. of O. first with McGee of the same school and Bell of Rice a tie for second; this left Hugon of Texas A. and M. with one point as all of the remainder had been awarded. There were many present who insisted that the A. and M. man was third. Had Hinie been at Dallas last Saturday there would have been little argument as to who was first at least.

Captain Jonas settled an old grudge when he evened up with Jackson of Baylor defeating him decisively in both the hurdle events. It will be remembered that "Hungry" was set in a hole at Baylor when he "broke" in the high hurdles and that Jackson nosed out at the finish.

Scott Alexander tied with Jonas of Baylor in the shot put and each received a point and a half as two Oklahoma men made better distances.

Oklahoma also received credit for breaking the conference record in

the discus throw. The distance was 124 feet, 8 inches. She also took second in this event as well as first and second in the javelin.

One of the surprises of the meet was the defeat of Kingsland of Rice by Walton of Texas in the high jump. Before the event it was generally conceded that the former would be the winner.

The relay was a pretty race between Texas and Oklahoma. The two teams changed positions three times during the race, twice during the third quarter when Moss passed the U. of O. man on the back stretch only to be in turn passed on the straight away. The time for the relay was 3 minutes and 28 seconds. This is also a new record.

A. and M. was unable to enter a team in this event due to the fact that Hugon was seized with a cramp in the 440 yard dash before the runners had gone more than a hundred yards. He fought gamely on however, hoping that the knotted muscle might relax and stayed with the bunch until within a hundred yards of the finish he lost entire control of the contracted leg. In a few minutes a knot as large as a hens egg appeared on the surface. It will be some time before he will be able to compete again so it is lucky that the season is now past. All credit is due this A. and M. boy. Few would have stayed in the race with the tenacity that he showed. He showed real A. and M. fight and would undoubtedly have won but for the unfortunate accident as he had made as good time in previous races as the winner made.
