

A. and M. will have east side of the field because there are more seats. There will be 3 rows of boxes to 50 yard line and circus seats rest of the way where boxes are now shown.  
Only 1 full row of boxes will be on Texas side.  
Seats will go on sale to Faculty, Coupon Book holders in Bryan and Students, Nov. 18th. Alumni will be taken care of Nov. 19th, and General Public Nov. 20th.

**THE INTERNATIONAL STOCK JUDGING TEAM**

(Continued from Page 1)

was a student more richly repaid by his Alma Mater. He is given the privilege of paying practically all his expenses to Chicago and winning distinction for his school. Surely there is some reason for this. What can it be? These men have excelled and become proficient in the things which inspired men to found this college years ago—education. They have fought their fight, but the reward is flat and insipid. After four years, at the end of the road shall the shuddering thought be brought home with a bang that you will stay in College Station unless you furnish

the means of getting out; that your efforts are appreciated just that enormous amount?

Is it right, is it fair? Justice cries for action. Will it be forthcoming? Think it over, then act.

**CHAMPIONSHIP FIGHT**

"KID" Oliver, the pride of Lampassas, vs. "Iron Head" Price, the Battling Jew.

These two scrappers represent the very acme of the fighting profession. The "Kid" is well known as a K. O. king and anyone who has ever entered a ring against him will bear record of his ferocity and aggressiveness. He is the type of fighter who continuously bores in and who is a veritable glutton for punishment.

"Iron Head" Price likewise needs no introduction to followers of the fistic game. He is the fastest and hardest hitting pugilist of this year and his meteoric rise has been watched with great interest. When it comes to ring generalship and the ability to retreat as well as advance the Yiddish juggernaut has no equal.

The clash between these two modern gladiators will be one of the most terrific struggles ever witnessed since the day Cain and Abel quarreled. It will be a contest between the hard-hitting, slugging, rough and ready type and the wily, cunning, quick-as-a-flash type. The promoters of the scrap are to be congratulated and the sporting world must take off its hat to "Tex" Rickard and "Jack" Curley.

**WANDERERS CLUB**

The first meeting of this club was called recently for the purpose of nominating officers and at the same time to discuss the policies to be followed by the members of the club.

The election was conducted and resulted in the selection of E. C. Zagarra of Lima, Peru, as president; Rabbi Bertscher, Miss., vice president and H. V. Yerby, Poteau, Okla., secretary and treasurer.

The membership of the club has increased a great deal for great numbers of men from other states and foreign countries come to A. and M. College of Texas to receive their education. We hope that the Wanderers Club, which at present has about fifty members, will be one of the liveliest at College.
