APPEAL TO SOPHOMORE CLASS

Do you realize what is happening to the class of '22? Well if you do not, just sit up and take notice before it is too late. There is a certain group of individuals in our midst who take it upon themselves to nominate Club. All Undergrads are eligible to Junior German Club.

The Thresher.

Class football teams will begin activities immediately after the close of the intercollegiate season.

The Megaphone.

Southwestern Freshmen intended to have their class party Saturday, November 22nd but various and sundry events intercepted their plans. First the '23 President was spirited away. Then, in retaliation the '22 President was captured by the freshies. As a direct result of this latter event the majority of the freshies were straightway numbered among the missing.

dance given by the Elks at their club in Bryan on Thursday night. Otherwise, you will have to "take your girlie to the movies", or sit on someone's porch and listen to the grass grow.

For entertainment Saturday evening there is to be a Corps Dance in the Mess Hall Annex. This will, no doubt, be as well attended in proportion as the Hop, and everyone is urged to stay over as a good time is always had at our Corps dances.

During all these activities every student is cautioned to be on his good behavior. The Thanksgiving Hop is one of the biggest events held at College and the manner in which we act at the dance will determine our standing over the State. Let us remember to behave as gentlemen, for as the old saying goes: "others must, gentlemen will".

No one here must; we will.

Aggie Prospects Bright With Five Letter Men Back.

With the closing of the most successful football season A. and M. has ever had all eyes naturally turn to the prospects of a winning basketball team. With the football championship and the Stock Judging championship safely stowed away the proteges of Coach Driver have a precedent that is hard to beat. Practice is progressing with a snap and a vim and every man who contemplates trying out for the club should be on hand at the very next practice.

One of the reasons why Coach Driver is showing the preliminary practice so hard is that three games have been scheduled for before the holidays. The Baylor Medics of Dallas are billed to meet the Farmer Five here the week before Christmas for a two game series. Inasmuch as this school starts basketball about the time other schools are starting football they should provide a hard game for the ambitious Aggies.

It is greatly regretted that Longcope, last year's Captain and star forward, is absent from school this year. This leaves Captain McQuillen the only real veteran on the squad, he having seen three years of college basketball. From last year's quint Williams and Forbes remain in addition to McQuillen, while Dwyer and Gouger are letter men from '17. Hortung, DeLee, Ehlert, Knickerbocker, March, Pierce, Burks and Keen are all men of experience and with such an aggregation there will be no end of competition at the Gym this winter.

programmes which were very appropriate for the occasion, being engraved with the ornament to be placed on the team blankets, and inside the team's picture together with its achievement, the first dance commenced. Holick's Jazz Band presented the crowd with insuperable music in a most exquisite selection of dance pieces.

During the third dance, Garrity at the head of the band which played while marching, the well known tune "Wild Cat", followed by a bunch of Fish who seemed to be perfectly conscious to objecting to Taps call and dressed like they were enjoying Mardi Gras, marched into the Mess Hall. Dancing stopped, while they gave some yells, and as they entered they left again. This is the first time a stunt of the kind has been done. It increased by far the spirits of those present by the addition of more pep. We sincerely hope that the practice shall continue in future years. Eleven dances and two extras were danced. Everyone who danced will never while he lives forget this time. Here's hoping for a yet greater success next Thanksgiving.

WANDERER'S CLUB GETS PINS.

Hitherto the Wanderer's Club has had no pin but this year the subject was discussed soon after organization and Vice-President F. L. Bertschler was appointed to design an appropriate emblem. The accepted pin is of gold, the central portion being a reproduction of the Western Hemisphere, surrounded by a narrow margin bearing the raised letters: Wanderer's Club, Texas A. and M. C.

The purpose of the club is to promote the A. and M. spirit among those who have come from other states and foreign countries to claim this school as their alma mater.
