Bring a new student back after the holidays as a Christmas gift to old A. and M. Sow a few seed in fertile ground for there are lots of high school graduates not in college and more will graduate in February.

Does the Battalion go to your High School? The college sends it to almost three hundred throughout the State. Find out about your own school.

Remember to tell that good football man who expects to play here next year that he must enter the second semester which begins January 24th, 1920, if he wants to be on the Farmer Squad in '20.

Don't forget to advertise. You are from A. and M. and have every right to be proud of it. Show your appreciation of the old school by staying on the job Christmas and remembering who you are and what you represent.

If you know your editor at home, call on him. Give him a scoop hot off the bat from College Station. And don't forget that the state in general is highly interested in this school—and should be informed.

Clip this out or make notes in your book of the points that YOU can accomplish. And don't forget them when you get home. The Battalion will gladly publish your report of the holidays in the above respects and urges every club to exert every possible effort along the lines referred to.

You may be from Texas, the man on your right may be from Dakotas, the man on your left may be from Pennsylvania. Furthermore, in so far as the contest is concerned, these men are your enemies. One never has a chance to speak a word to his team mate. This stock judging contest is truly an instance of every fellow for himself and the devil take the hind most. Every man must keep in mind everything the coach has told him in the past, he hasn't a team mate beside him to help him over the rough places.

There isn't much about a judging contest that is of interest to a looker on. There is no playing to the grand stand, there is no encouragement to come from the side line. Prof. Stangel made the remark that through the entire contest not one single time could he catch the eye of a member of the Texas team. Evidently the team realized the true situation, that the coach had done all he could and now it was up to them.

Twelve classes of livestock constituted the placing in the contest and this was completed by noon. All the contestants were given lunch in the dining room of the Stock Yard Inn. Appetites were not in evidence at this meal. After luncheon the contestants were assembled in a large hall and the judges began immediately to take reasons. Then began the real tug of war. By the middle of the afternoon everyone began to feel the effects of the excessive strain. From then on it was an endurance contest. Men who had shown up strong in the beginning now began to weaken. Others who had not been so strong continued to hold up to the end. It is in the giving of reasons that a team has its real opportunity of impressing its personality upon the judges. It was remarked more than

Proposition. I favor the ratification of the League and Treaty without amendments or reservations.

Proposition 2. I am opposed to the League and the Treaty in any form.

Proposition 3. I am in favor of the ratification of the Treaty and the League but only with the specific reservations as voted by the majority of the Senate.

Proposition 4. I favor and compromise on the reservations which will make possible immediate ratification of the Treaty and the League.

The committee will forward detailed suggestions as to how the vote should be carried on. It is urged that between now and January 13, the utmost discussion of the situation should be stimulated in your institution if possible. Public debate and mass meetings of the students and faculty at which the different points of view will be presented should be held. The undersigned undergraduate committee has submitted the exact form of ballot to

put out a championship team the first time. The team gives Prof. Stangel the credit for winning and he gives the team the credit. The college knows that both the team and Prof. Stangel come in for their share of the honors and there are certainly enough honors in such a victory for both.

This makes the second time this college has won the bronze bull trophy. The rule is when it is won three times by the same institution it becomes the permanent property of that institution. No other institution has succeeded in winning the trophy more than once. The Junior class is already getting ready to make the bull permanent property of this institution. As "Alkali" Reed the man that comes from a family of stock judges expressed it the night when Prof. Stangel had brought the results to the team, "By gads, fellers, we've got two knots tied in that bull's tail and next year we've got to tie the third one." We believe the Juniors are the ones to tie the "third one" and thus keep the bull in our own corral.

THE CAMPUS CLUB

More than fifteen hundred students are registered at A. and M. Fourteen hundred and fifty of these are going home. About two score are from such distances that this pleasure is prohibited them. While enjoying the holidays to the fullest, remember these men and send a wee bit back to College Station to the Campus Club. They have such arrangements as to share all packages equally. Each sender will receive a card of thanks and the Battalion will publish the names of those who remembered the Campus Club when the holidays are over. Do your bit.

WE WISH TO THANK YOU ONE AND ALL FOR THE PATRONAGE EXTENDED TO US DURING THE YEAR THAT IS NOW ABOUT TO CLOSE, AND WANT TO ASSURE YOU THAT SAME HAS BEEN APPRECIATED.

WE ALSO TAKE THIS OPPORTUNITY OF EXTENDING TO YOU, OUR FRIENDS, THE SEASON'S GREETING. HOPING TO HAVE YOU ALL BACK WITH US IN THE YEAR OF NINETEEN-TWENTY.
