

THIRD LYCEUM NUMBER TO BE GIVEN JAN. 17

Y. M. C. A. Entertainment Committee
Announces Coming of A. Mather
Hilburn.

The third number in the Y. M. C. A. series of entertainment will be A. Mather Hilburn, January 17. Mr. Hilburn is a Master Entertainer and Impersonator. His program here will be given for entertainment purposes only. With the aid of a make-up box Hilburn will create some fine types for you; types you know from association with life; types that every big city and every little village holds among its people. Hilburn will "hold the mirror up to Nature" for you and you will laugh. A moment ago a kindly old German was philosophizing; now it's braun man of the Emerald Isle whose whole-souled fun convulses; a moment hence and your sides will ache at the drollery of Hilburn's recreated characters of the "Jack Oaks Country."

An artist of the first rank, is Hilburn, and yet, seemingly entirely unconscious of the fact. Essentially a comedian and character delineator, he frequently ranges the entire scale-

of emotion during an entertainment. From the moment of his first entry until the conclusion he does not leave the platform, and characters are created one after another with lightning-like rapidity. Not a dull moment from the rise to the fall of the curtain.

"Mighty-fine," you'll say—just as hundreds and hundreds of other audiences have said. In Hilburn you find the "attraction of no regrets."

GALVESTON CLUB CELEBRATES HOLIDAYS WITH A DANCE AT HOTEL GALVEZ

The Galveston Club staged what was said to be the prettiest and most enjoyable social function of the holidays in the Treasure Island of America. The dance was well planned and well carried out and quite a large attendance of ex-students and Alumni made the affair seem almost like a home-coming. Dancing was enjoyed every minute of time from nine until two and as over a hundred couples were present the beautiful Galvez ballroom was well filled. The hall was tastefully and gorgeously decorated with red and white streamers and myriads of A. and M. pennants. Many and fervent were the congratulations heaped upon the members of the Galveston Club for the gay and delightful entertainment given to the Atis Society. It is to be hoped that this dance will only be a beginning; a precedent to direct the Galveston Club of all future years.

DR. AND MRS. R. P. MARSTELLER ENTERTAIN THE JUNIOR AND SENIOR VETS

Last Wednesday night, Jan. 7, Dr. and Mrs. R. P. Marsteller entertained the Junior and Senior Veterinary Science students with the most delicious and sumptuous dinner that they have ever sat before. The dishes were so varied and contents therein contained were so pleasant to the eyes and sweet to the mouth, that one foot on the floor was hard to follow. Besides turkey, salad, and the most wonderful hot rolls, the feast was marked by many varied dishes.

After everyone had eaten "elegant sufficiency" cigarettes and cigars were served and every one took a cigar but Dr. Marsteller, and he had to break his "golden rule" by taking a cigarette and he prefers a Chesterfield.

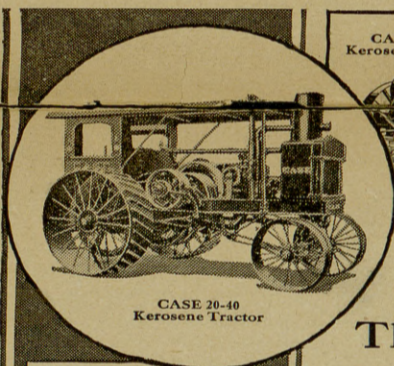

Dr. and Mrs. Marsteller are to be complimented by the Junior and Senior Vets, not upon their generosity but upon their ability to plan a banquet. Words cannot express our appreciation to them, who are always willing to give a helping hand to

everyone besides the Vets.

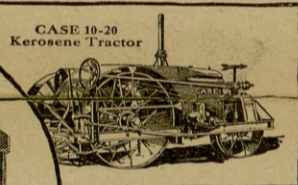

Others being present were Dr. C. P. Fountain, Dr. Lenert and Mr. Dulaney.

FALLS COUNTY CLUB DANCE

As a method of introducing the famous A. and M. spirit and pep into Marlin and at the same time afford the members of the Falls County Club the pleasure of enjoying their holidays right, the above named club presented an evening of gaiety on Dec. 23, the like of which had never been witnessed by the natives. Holick's Novelty orchestra furnished the shaking incentive but in no way did this compare with the proverbial "tea" in any respect. The Alumni supported the dance loyally both with their presence and presents and all unanimously agreed that A. and M. still had the spirit that pervaded the atmosphere of College Station when they toted a rifle and dined at the Sbis Soup House. Many out of town school men were present and their being there only sufficed to make the matter more binding. It is the intention to make this an annual affair.
