

### RACE FOR JUNIOR STOCK JUDGING TEAM NEAR OVER

Continued from Page 1)

mal Husbandry Staff will sit in its solemn smoky session to strike fear into the hearts of all who are in the least let their step falter. Let the Juniors gird on their fighting clothes and gas masks and prepare for a mighty and gory battle.

The lucky six who most successfully pass the test will make up the team, which is to be announced the following Monday morning. Then will follow a week of intensive judging for the members of the team after which on Saturday, Feb. 28, the team will depart to foreign fields to beard the Oklahoma lion in his den at Oklahoma City.

### FARMERS NEEDED AT INDIAN SCHOOLS.

The United States Civil Service Commission announces that Indian schools in many states are in need of farmers to have charge, under the direction of the superintendents, of agricultural operations on farms connected with the schools, to give instruction in practical farming, and to do extension and instructional work in agriculture among adult Indians occupying their own farms on reservations.

Applicants will be rated upon their training and experience, and their physical ability, as shown by their applications and corroborative evidence.

Further information and application blanks may be obtained from the secretary of the U. S. Civil Service Board at Boston, New York, Philadelphia, Atlanta, Cincinnati, Chicago, St. Paul, St. Louis, New Orleans, Seattle, or San Francisco, or from the United States Civil Service Commission, Washington, D. C.

### THE BIG NOISE MINSTREL GIVEN MONDAY NIGHT

(Continued from Page 1)

and George Young will call in all the 'chickens' and birds with his melodious whistling. Of course the minstrel is to be featured by the end men, consisting of "Red" Thompson, Mayo, Riley, and Goodman, who, by the way, is some little singer "hisself". He will feature the evening with the song which has brought memories of by-gone days to everyone and despondency as to the future, "Oh, Corkscrew, You have Lost Your Pull. If sufficiently urged we are asked to announce that will consider to sing the latest song of his own composition which has not been published as yet and for which he has not obtained a copyright, "You Can't Drive a Nail With a Sponge, No Matter How Hard You Soak it."

So you see what we have for the future — can you beat it. College Station is lucky to get the opportunity of such because it is seldom that such a show makes a place of this size. Show your appreciation by attending and we will see that you never regret it. Don't forget: Monday evening, 8:30.

The Fish of "Foster Apartments" suddenly became aware of the fact on a certain night last week that they were in need of a little fresh air. It seemed that the atmosphere in the vicinity of the campus was a bit stuffy so they took to the more thinly populated parts of Brazos county for their airing. Several of the worst affected, spent a part of the night in Wellborn but felt sufficiently relieved to come back in time for breakfast the next morning. It seems as if these little outings are coming into popularity of late with the fish. We wonder why?

## SEE THE VAUDEVILLE

Too much wishbone and not enough backbone is a bad condition. It takes backbone to save; wishing won't get you anywhere, but Thrift Stamps and War Savings Stamps will if systematically purchased.

Speaking about opportunities, the Government is offering quite a few to its people in making it possible for them to purchase savings securities in denominations ranging from 25c to \$1,000.
