

REVIEW OF BASKETBALL SINCE ITS INAUGURATION AT A. AND M. COLLEGE IN 1913.

(Continued from Page 3)

with Simmons College of Abilene, both non-conference teams.

The Aggies reached the goal this season sought by every athletic team, that of going through the entire season without a defeat. The team scored 559 points during the season while their opponents could score but 248 points against the faultless guarding of Hartung, Dwyer, Williams and Pierce. This team finished a season that will go down in history, not only history of the College, but of the Southwestern conference as well. It is very seldom indeed that a basketball team goes through a season without a defeat and more especially a team that plays four games each with the four leading teams in the conference. A more fitting climax could hardly have been arranged for a basketball season than the one which has just closed with a victory for the Aggies over their ancient rivals, the Longhorns. The Aggies and the Longhorns met four times on the court this season and four times have the Longhorns been forced to take the short end of the score. In these four games the Aggies scored 76 points while all the Longhorns could score was 45, or an average of 19

points per game for the Aggies and 11 points per game for the Longhorns.

A. & M. teams this school year won three high honors. The Aggie football team, it will be remembered, won the Southwestern conference title, scoring 275 points to their opponents nothing in nine contests on the gridiron while the Stock Judging team, though not an athletic team, won first honors at the International Stock Judging contest where eighteen teams representing as many states were competing, and now comes the A. and M. basketball team with a conference title.

The Aggies started their victorious season by defeating the Baylor Medics in two pre-season games in December. Then come the Baylor Bears for two defeats. Simmons College was defeated on the local court in one fast game and S. M. U. was given similar treatment in two contests. The team journeyed to Houston for a brace of games with the Owls which resulted in two easy victories for the Aggies. The following week the Aggies made a swing around the circuit meeting Texas, S. M. U. and Baylor all in a row and returned to College with six wins to their credit. On this trip the Aggies practically cinched the State championship. Rice came to College for two defeats and the Aggies closed the season by winning a couple of games from Texas on the local court.

ELKS GIVE DANCE FOR T MEN

The Elks of Bryan are giving a dance next Friday evening at their hall in honor of all letter men connected with the College. This not only includes every man that has made a letter at the A. and M., but also those men in the faculty, Extension Service and Experiment Station who have made their letter in any form of athletics at any college or university. Each member of the Yell Staff are also invited to attend this dance.

It is hoped that this will be made an annual affair, and it is desired that all those invited will be present to help make the first dance a success.
