

### BEST HIGH SCHOOL MEN OF TEXAS TO BE HERE SAT.

here. In this way tiring preliminaries are done away with, every good man in the state, whatever his teammates may be, is given a chance to show what is in him, and the expense of the meet is lowered. The plan seems to be the best possible and promises to be adopted permanently.

It is difficult to estimate the value of High School Day to A. and M. These men will be out in the colleges of Texas in the next year or so. We want them to come down here. Our AllSouthwestern teams in football and basketball are just indications of what we are going to do in future years. But we can't do it unless we get good men from the high schools. It's up to us to show these men what we have here. Let them taste of the A. and M. pep and life—and we won't lack good material next year. McQuillen is chairman of the Reception Committee. The high school men will be quartered with cadets. Make them feel at home, men, and tell them what we have.

Many of the men are expected to arrive in time for the Rice-A. and M. track meet, Friday afternoon. All will be here for Friday night. The Council is expecting some hundred and fifty. High Schools and Academies will be in the same division. Saturday will be a holiday. The morning will be taken up with preliminaries. Finals will be run Saturday afternoon. That night at the Gym exhibition boxing and wrestling matches will entertain the visitors and the corps. Mr. Fox says several dusky pugilists will box in the rough and old African style. The tickets at \$1.00 admit to morning, afternoon and night. The expenses of the meet are paid entirely with the money thus derived. But your money alone won't make it succeed. Be out there and be there with pep.

### '22—SGTS. SMART AND HYLAND

Two men who have upheld the highest traditions of the army, who are loyal to A. and M. and who are friends of every cadet in the corps! Who is the man that has a cheerful "Me Lad" for everyone and who radiates more genuine friendliness than any man you ever met? Who is the man who has helped many a "guy" out of a hole when he was snowed in with demerits? Who are the men who are absolutely four square, who are always on duty, who are gentlemen in the highest sense of the word and who are an essential part of this institution? To our mind these characters live in the persons of Sgts. Smart and Hyland. There is not a man to gainsay that statement and there is not a man in the corps who would not swear by them. It takes men to make an institution.
