

COLLEGE "Y" OFF TO A GOOD START FOR THE YEAR

(Continued From Page 1)

games have been increased in numbers and at all hours the main floor of the Y is filled to overflowing with students. No better place can be found for spending a vacant hour.

New Reception Rooms.

On the third floor a number of smaller rooms have been thrown together and furnished as a large reception room easily accommodating four or five hundred guests. A smoking room for men has been provided adjoining the main reception hall. The large room is expected to be the scene of many banquets in the future and an effort will be made to increase the activities of the various clubs and societies on the Campus by extending every hospitality on such occasions. While this floor is in use for some social purpose the main floor and semi-basement are open to the public as usual.

The Y kitchen will at some future time be equipped for the preparing of such banquets and feeds as may be desired and the dumb waiter service will be utilized.

New Third Story.

The new third story almost completed, will contain rooms for the secretaries and their families. Mr. and Mrs. Lewis state that their services to the students will be increased by living right in the building and by popular request Mrs. Lewis has been made official chaperone and hostess for the Y activities. She will ask the assistance of all Campus ladies and when not inconvenient to them, the invitation will be extended to the Bryan friends of the College.

On the whole the Y seems to have come into its own, and from the Seniors down to the Freshmen, the students have in their turn taken over the Y. It bids fair to become the heart of the Campus and the center of all social activities.

Movies Each Week.

As in the past the Y will continue offering moving pictures on Wednesday and Saturday nights. The class of pictures to be shown, however, has been changed to the very best available. Nothing is considered too good if a booking can be obtained. The Fairman shows in Bryan will represent the Y in this respect, due to the fact that the show is not run nightly, and regular bookings cannot be made. Mr. Fairman has promised an excellent run of pictures. The shows are given in the Airdome in front of the Y building. The Saturday night movie is free to Privilege Card bear-

ers and the Wednesday night show will be run at just a sufficient charge to pay expenses. By this means better pictures are possible than by having both free.

New Organization.

Mr. Lewis has as his assistants, Mr. J. F. McKee, Associate Secretary, Mr. L. G. Jones, Assistant Secretary, and Mr. Hickman, Building Superintendent. Mr. Jones and Mr. Hickman are already known to old men and the Fish will have no trouble in becoming well acquainted. Mr. Jones was a post-graduate in the College last year and is familiar with the student viewpoint on all subjects. Mr. Hickman has been connected with the Y for a number of years and during the recent emergencies has "doubled", serving on the faculty as well. Last year he taught English and Math to Vocational students and this year he is on the staff of the English Department. Mr. McKee has been at the College some time and a large number of students have come to know him well. He was fresh from war work when he came to A. and M. and as Associate Secretary has charge of Federal Students and the Enlisted Personnel as well as aiding in the work with the regular student body. The completed organization is as follows:
