all are of the highest class. Several HIGGINBOTHAM REsingers and wide fame will appear this year. These entertainments will be scattered throughout the year and several will come during the winter when no athletics are in progress. The first number is the only one which will be given on Saturday night, the others being scheduled for week nights. The being scheduled for week nights. The cadets, Campus residents and Bryan people can look forward with great anticipation to this and the other splendid numbers.

TEXAS BRANCH AMERICAN SOCIETY OF AGRONOMY FORMER AT A. AND M.

Last March when it came time to discard the agricultural assembly, a a compulsory assembly for agricul-tural students, due to the fact that A. H., Horticultural and Agricultural Engineering Societies were already formed and working, thereby making these members attend two assemblies. At a joint meeting it was moved and passed that the old assembly be dissolved and the work of the respective departments be carried on by a local unit of that department.

The Agronomy men thus thrown on the cold world were kindly asked to participate with the already functioning organization. This was declined, but with thanks for their invitation. The men pursuing work along Agron-onmy lines and realizing the broad-ness of the field and how utterly de-pendent plant and animal life is upon this very factor decided to make an honest effort to formulate and perpetuate an organization that would properly conduct the work and maintain connection with the fieldmen in Agronomy. Men of authority and keen insight in Agronomic lines will be brought here to further the work

of society.
Little was accomplished, apparently, in the two months left us last year. It consisted mostly in getting data and securing information about the workings of the National Society and how they would effect us. The committee reported favorably and at the election of officers Tuesday night Mr. J. A. Sanders of Mansfield, La., was elected president; J. S. Daniel of Corsicana, vice-president; secretary and treasurer to be elected at next meeting. Program committee consisted of K. L. Kirkland, L. C. Jinks and T. Hensarling were appointed as was the refreshment committee composed of C. W. Sherrill, J. C. Miller and W. P. Patton. Meetings were declared open and an open invitation stands for any-one to attend the meetings of the so-The meeting closed after a few timely remarks had been made by C. A. Woods of the Agronomy Depart-

Avenue, No. 10 Dept. W6.

TURNS TO A. AND M

(Continued From Page 1)

his idea of taking medicine and come to help the Maroon and White to be the Southwestern Champions again.

That is the kind of men that A. and M. puts out. It is these men that save Maroon and White from many a defeat upon the gridiron. Higgin-botham, who has always been a thorn in the side of his opponents, will be here to help drive the thorn in a lit-tle deeper. His presence on the Campus puts new spirit into all of the student body. When the old team goes on the field to play Rice, Oklahoma A. and M., Baylor, and Texas, the entire Corps will be supporting them with the victory cry of: "REMEMBER KNICKERBOCKER!"

Conceit.

She—"This is the first time I've ver been kissed by a man."

He—"That's sort of a slam on the rest of 'em, isn't it?"
