

**AGGIE STRENGTH WAS
IN EVIDENCE**
(Continued From Page 1)

Daniel Baker line with a speed that made all resistance negligible.

The first team sent in against the Daniel Baker squad scored 35 points in the first quarter. The second team went in and made it 69 before the close of the first half. A third string of Aggie men played a third quarter out and left the score 75 to nothing. On returning to the field at the beginning of the fourth quarter the first squad with several of the strongest members missing worked up an aggressiveness that soon had the score to 110.

Mahan on the first play of the game after the kick-off went 60 yards around left end for a touchdown. Mahan also made 4 of the 16 touchdowns credited to the entire team. It was almost impossible for the opponents to stop him at any point of the game. The whole team almost duplicated the captain's performances and at no time were any of the Aggie players weak in their defense. Weir and Martin the two old experienced men who have been playing the half-back positions performed in their steady, aggressive manner. "Bugs" Morris showed some splendid work in broken field running and at times his burst of speed made it hard for the opponents to follow him. Many new men were surprises to the coaches and spectators and showed up to a greater advantage due to their wonderful broken field running, but the find of the game was Sammy Sanders who was first sent in at quarter and then shifted to half. In these two positions his speed and broken field running was superb.

The line was sound as a stone wall at all times. Not at any time of the game was the Aggie line pierced. Bob Carruthers did some splendid work at tackle and blocking punts. He also made one of the touchdowns after blocking a punt. Drake and Dietrich did some splendid work in breaking up many plays. The Aggie ends were going down the field under punts and kicks dropping their opponents in their tracks. "Cap" Murrell was up to his old time form breaking up numerous plays by the time they were started. In this respect Pierce was also good following the ball at all times getting the tackles on line plays or dropping back and breaking up forward passes.

The Daniel Baker team was outweighed and out played throughout the entire game, but at no time did they stop fighting. Bates was the individual star, taking three passes which were at difficult angles. Vednen at half showed nerve and a fighting spirit in staying in the game with a fractured shoulder.

The Cadet Corps is regaining their old time "Pep" in staying behind the old team and Red Thompson is master of the situation. The new action that goes along with "Saw Varsity's Horns Off" shows that.

"Red" has that old Corps behind

him at all times. Jack Delaney, the new member of the Yelling Staff performed in fine manner. Knickerbocker was missed from the game.

CARTOONISTS, ATTENTION.

There will be a very important meeting of all students who possess such talent on the fourth floor of the Main building immediately after mess Friday (tomorrow) evening.

The purpose of convening the contemporaries of Bud Fisher, Geo. McManus and Buck Schiwitz is not to launch a "Cox Cartoonists Crusade," not aid Harding in cornering an option on the porch swing at the White House, but concerns a much greater and more binding issue—the 1921 Longhorn.

To make the Longhorn snappy and "Keen" we must have an abundance of fine cuts and sharp ideas.

All men interested in doing something towards contributing with original ideas and drawings in making the Longhorn what it should be, please don't be absent on the date specified above.

DAIRY CLUB ORGANIZED.

The Junior and Senior Dairy Husbandry students met in room 20 Agricultural building at 7:30 p. m. Oct. 5 and organized the Dairy Club. C. E. Burk was elected president, G. W. Harris, vice-president, and C. H. Chambers, secretary-treasurer. A committee was appointed by the president to draft a constitution and by-laws. Also a program committee was named.

The following honorary members were named: C. M. Evans and J. L. Thomas of the Extension Service, J. A. McNulty of the Experiment Station, and R. L. Pou, J. A. Clutter, and Darnell of the faculty. "Watch our smoke."
