

CORPS DANCE WAS GREAT SUCCESS—MANY ATTEND
(Continued From Page 1)

Hymn," well, the crowd just went wild and College spirit prevailed everywhere.

An intermission was announced about ten thirty o'clock, however, it seemed as though everyone came for the sole purpose of dancing, for it was almost an hour before the music stopped playing. It was then that the birds who brought a swell dame along walked out with a big smile and looked at the moonlight or visited Casey's. The royal, old faithful "Stags", however, had a different expression on their faces as they sat around the wall looking into the open.

The dance was soon resumed and everyone waded in for a final good shake before it was time to stop. The end came too soon for about eleven forty-five the music stopped and everyone went home all agreeing that a good time was had by each and everyone.

A. & M. POST 73 AMERICAN LEGION FIRST MEETING
(Continued From Page 1)

officers not returning to college were filled by election as follows:

Post Adjutant; L. G. Jones. Post Chaplain; to be elected at next meeting. A dance committee was elected composed of Mr. W. P. Orme, Mr. Van Tuyl, M. F.; C. C. B. Warden and Mr. Tungate with Mr. Van Tuyl chairman.

After electing a program committee, a motion was made and carried to bring American Legion Motion Picture films to the post. Arrangements for carrying out this plan as well as other methods of increasing the interest and pep in meetings will

be taken care of by the Program Committee consisting of Mr. C. C. B. Warden, Chairman, Mr. Furman and Prof. Browning.

It was decided that one way of increasing pep would be to invite the ladies eligible to membership. The membership committee will undertake this.

The question of dues will be re-considered at the next meeting. At the close of the last meeting a collection was taken to buy smokes for next Thursday.

The Post voted to hold meetings every two weeks instead of once a month as last year. The next meeting will be Thursday night, October 28, at 7.30 in the Y. M. C. A. Do not fail to come.

WITH THE OLD TIMERS.

L. M. Smith, '16, writes for The Bat from Tyler and states that he will be with us Thanksgiving to help lick h— out of State!

Ivan "Schiller" Barber, '20, sends a most interesting and entertaining letter from 408 Terminal Building, care Western Laboratories, Lincoln, Neb., where he is at present employed. "Bill" Derrick, also of '20, is with him. Bill is on the A. H. faculty of the University of Nebraska.

"Pinkie" Wilson, ex-'20, was a visitor on the Campus this week. It will be remembered that "Pinkie" composed the A. and M. Battle Hymn while in Germany with the A. E. F.

The only thing we don't like about that new formation, as Major Dougherty says, is, that our girl won't be able to see our face when we march by in Waco. * * *

Pat Hamilton came back this year with the view of having a soft and easy time. He is. In Doubletime's physical exercise organization.

LYCEUM COURSE IN FULL SWAY

Toots Poka and Her Troup to Be Here on November 18.

The Zedler Symphonic Quintet rendered a splendid program before a large audience of students and Campus people last Saturday night. After the concert the musicians attended the corps dance and left a very favorable impression at the College.

Toots Poka and her famous Hawaiian Troupe will be the next group of artists to appear here. This troupe was the first to bring Hawaiian music to America and are pointed out by Hawaiians as the best interpreters of this fascinating music in America. They have produced the majority of the Hawaiian records in this country. There are eighteen Toots Poka records now listed in the Victor catalogue.

The Cleveland Plain Dealer says: "Toots Poka looks like one of those olive skinned beauties whom Robert Louis Stevenson wrote with enthusiasm, one of the idolized girls of the silver sands along Takti of whom Jack London has much to say, or even more, perhaps, like the young ladies who dance on Hawaiian feast days.

This concert will be given in Guion Hall on Thursday night, November 18 one week before Thanksgiving. Students, Campus residents and Bryan people are looking forward with great anticipation to this opportunity to hear correctly interpreted the music of the "Isles of Melody."

SAILORS AS ACTORS.

Perhaps no more realistic setting could be constructed for a play than that which appears in the remarkable photograph shown above. The photograph is a complete story and could be correctly titled "Footlights and shadows." And, as the actor or actress can bring laughter or tears to the faces of the audience, so also can the big guns change from peaceful appearing dormant things to living bulwarks, belching forth shot and shell. Surely it's a picture of contrasts.

These shows aboard the ships of the fleet are great sport to the sailors. Their clean, healthy bodies shake with laughter at some witty saying or clever skit of some actor. But, it would only take a few notes of the bugle to stop this audience of bluejackets from playing this game for a more serious game; when the stage would be cleared of its actors, when the great guns would have been elevated to allow the actors freedom of movement would take the center of the stage and usurp the leading role.

The United States Navy draws its personnel from no particular calling. Every branch of industry and every profession is represented. It has its quota of men from the theatrical profession, who utilize their ability in an endeavor to amuse their shipmates. They are succeeding remarkably well, if the smiling sailor-men in the photograph can be taken as a criterion. It is doubtful though, if these actors ever played to such an interesting audience or upon a stage constructed in the shadows of the mighty guns of a warship.

MARSHALL CLUB GIVES BANQUET

Last Friday evening, Oct. 15, proved to be a most pleasant and profitable evening for the boys of Ross Hall. The banquet was held in Sbis Hall, and for the purpose of perfecting the organization of the club. It is reported that owing to the delicate appetites of some of the members, it was necessary to make an addition to the evening's program, namely, a swimming party, which was given in the Y pool.

The following officers were elected for the ensuing year: H. W. McGee, president; Pope Lancaster, vice-president; Dick Rosenborough, secretary and treasurer.

After the election of officers a very interesting program was rendered by the respective members, the success of which was contributed to the "delicious dishes" placed before them.

The club has a membership of twenty-one students: four Seniors, 6 Juniors, 5 Sophomores and 6 Fish, showing an increase of five members over that of the past scholastic year. All students of Harrison county are eligible for membership.

The club's slogan is, "For a Better and Larger Club Each Scholastic Year."

STUDENTS OF THE VETERINARY DEPARTMENT MAKE SUCCESS.

Dr. H. O. Von Rosenberg who received his D. V. M. degree from this school has located at Cuero, Texas, and is doing a good practice there, according to reports from that section of the state.

Dr. Fred A. Murray (Fritz) has located at Taylor and has developed a practice that equals or exceeds anything in the state.

Dr. J. H. Hull is located at Carthage, Texas. He was on the Campus a few weeks ago and says he has all the work he cares to do. He is thinking of raising stock in connection with his veterinary practice.

Dr. R. H. Harrison, Jr., (Chicken) is working for the Sanitary Livestock Commission with his office at Fort Worth. "Chick" made many friends in South Texas during the anthrax epidemic.

W. J. Johnson was employed during the summer by a veterinarian at Dallas. Dr. Flowers was well pleased with Johnson's work.

J. P. Mockford was connected with a hospital at Greenville, Texas, with a Dr. Girdner. The reports show he will succeed.

J. J. Reid was employed at the College hospital and as the clinical facilities here are better than any other in the southwest it is needless to say he was benefitted.

R. R. Childress practiced during the summer in East Texas, Jasper and adjoining counties. He has already established for himself a large practice which he will be able to take care of after graduation this year.

S. R. Dunn practiced at Hearne, Texas, and it is needless to say he not only got results but made many friends. Hearne is one of the best locations for a veterinarian in the state, and we feel assured it will be taken care of in less than a year.

Red Thompson says that the fact that he has a job that will take him to China when school closes does not mean that he won't be here for the '21 Thanksgiving game.

Major Morris says that when we take our shirts off and perform all those exercises in Waco, all the girls will want to kiss us. We don't quite understand just what he means.
