SOCIETY AND CLUB MEETINGS.

A. & M. MASONIC CLUB FORMED

With the election of Mr. S. G. Bailey as president, Mr. C. C. Braden as vice president, and Mr. T. P. Potts as secretary-treasurer, the Masonic Club began to function as an organization. Meetings to date have been only for the purpose of disclosing and developing plans for the future policy of the club. The possibilities of such an organization are unlimited and it is that idea that predominates and is paramount to all other issues. The question of membership was taken up at the last meeting and it was decided that any Master Mason in good standing is eligible for membership. Dues to be \$1.00 per year and to be paid as long as a resident of College but to be an honorary member of the club upon leaving the institution. A program and publicity committee was appointed and instructed to see that proper notice was given of the time and place of each meeting and to work out an orderly method of procedure for each meeting. A membership committee was appointed to look after the validity of memberships. All business over and the hour yet being early, the floor was declared clear for any suggestions that any one might have that would be to the interest of the club whereupon the aims and ambitions of the club were very clearly set forth. Masons in this school and in the employ of the college have very little opportunity for Masonic association as they often hold their membership in lodges other than the Bryan lodge and it was to meet that need that the idea of a club was first conceived. But out of the suggestions that were offered were the larger things that will be of interest to every Mason on the campus. It was due to one of the suggestions that Mr. Sam P. Cochran, of Dallas, and Dr. A. L. Metz, of Tulane University, will be invited to this institution to talk to the students and to the club. They have a message of interest to every student and of vital importance to every member of the club. The meeting was adjourned after all suggestions were received and discussed.

The meetings are held every Tuesday night at 7:30 p. m. in room 33 C. E. Building. Those desiring membership may see Mr. T. P. Potts as chairman of membership committee. Twenty-nine paid up members to date is not a bad start and as we have to learn to crawl before we walk we are expecting things to go in this club.

CLUB AND SOCIETY MEETINGS

The Architectural Club will hold a regular meeting next Friday night in the Architectural Library.

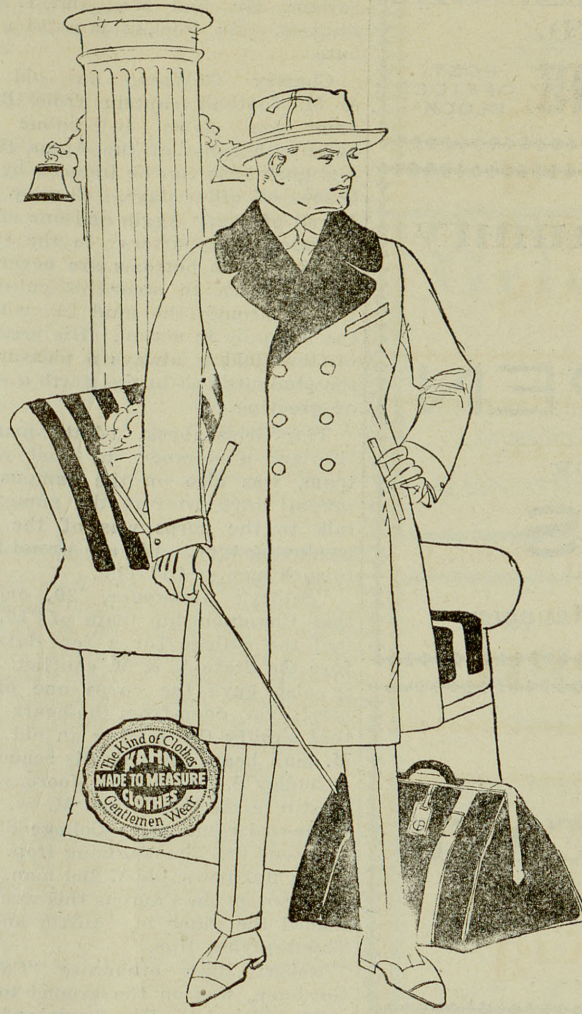

HORTICULTURAL SOCIETY

Last Monday the Horticultural Society held a called meeting. The meeting was purely business, and the matters that were considered were the Inspection Trip to the Lower Rio Grande Valley and the Horticultural Show.

The Inspection Trip will be made to a large number of towns. Stops will be made at Brownsville, Harlingen, Mission, Kingville, Falfurrias, and San Antonio, and many other intermediate points. The object of the trip is to study the methods of farming in an irrigated district, inspect the best irrigation system in the South, the marketing facilities, the King Ranch at Kingville, the Jersey cattle ranch at Falfurrias which is the largest in the world, and the Agricultural Experiment Station at Beeville. The students will also have an opportunity to work in some of the large citrus groves in the valley.

The Horticultural Show was next discussed. The show is an annual exhibit of horticultural products from

YOU WEAR YOUR CLOTHES

—of course you do. Then why not have us make them according to your own ideas? Be individual — plan your clothes — you'll then look right to yourself. Its a foregone conclusion you will look right to others. The knowledge that you are perfectly dressed can be attained only if you get clothes as you want them. You select the weave and pattern—pick out the style. We'll GUARANTEE clothes satisfaction.

Have us mersure you now.

One more important detail—we have big reductions on all our Tailoring lines. These reductions apply to most every article in our store.

A PLEASURE TO CONVINCCE YOU

BRANDON & LAWRENCE

the State and nation. The show will be under the immediate supervision of the Seniors with the assistance of the horticultural faculty and Junior students. In previous years the show has rivaled any similar exhibit at the State Fair. The purpose of the show is to advertise the Horticultural Department, and to secure new students for the Department. The following committees will have charge of the show. Committee on Landscape Art and Decoration: C. D. Whitman, E. McConnel, J. H. Langston, and J. M. Severn. Committee on Deciduous Fruits: W. H. Friend, R. A. Ramsey, F. A. Brison and H. M. Sanders. Committee on Sub-tropical Fruits: H. W. McGee, E. Mortenson, A. W. Percy, and E. N. Holmgreen. Committee on Nut Fruits: G. D. Livingston, T. Hall, and W. R. Jordan. Publicity Committee: J. T. Martin, H. W. McGee, W. H. Friend, C. D. Whitman and G. D. Livingston. Committee on General Arrangements: F. L. Bertschler and W. K. Hansen. The first man named on each committee is chairman.

At the close of the show it is customary to sell the exhibits to the highest bidder. "Hike" McConnel was elected auctioneer over "Rabbi" Bertschler, both candidates having much native talent and Jewish ability. The show will be held from noon of Sunday, December the nineteenth, and will extend through Monday night, December the twentieth. Dean Kyle, Mrs. Kyle, Miss Lillie Bess Kyle, and Prof. Potts were visitors at the meeting. We are always glad to have visitors. Everyone who is interested in horticulture are welcome to visit the society.

THE RIO GRANDE VALLEY CLUB

The Rio Grande Valley Club held a special meeting Sunday afternoon. The subject of pins for the club members was the reason for calling this meeting. It was decided by the club to obtain pins that show the kind of a country the members come from.

Arrangements were also completed for a dance to be given Christmas. This club is full of pep and is going to show the College that it is working for it. The club is doing every thing in its power to bring the people here at College to realize what a great country the Rio Grande Valley really is.
