## "COLLEGE NIGHT" TONIGHT

Published Weekly by the Students' Association of the Agricultural and Mechanical College of Texas.

VOL. XXX.

COLLEGE STATION, TEXAS SEPTEMBER 23, 1920.

NUMBER 1

### ALL RECORDS IN REGISTRATION ARE NOW BROKEN

Thursday Night's Figures Showed  
That 1450 Had Paid Their Fees  
Up To That Time.

The final figures on registration last night showed that all previous registration records had been broken. Approximately 1450 students had paid in their money to the Fiscal Department. Of this number 1162 had been assigned to the Cadet Corps. The remainder is composed of Casuals, Federal and day students. These figures show a great increase over last year, since only 1307 had paid in at the corresponding time then. In 1919 the figures for the same time showed only 928. In addition to the number that have registered, there are many others both old and new students, who will register today. Indications are that the enrollment will be over 1500 within the next two or three days.

The interest being taken in cadet corps is shown by the growth in strength it has made. The corps is now larger than ever before.

The Registrar's office, Fiscal Department, Military Department and Commandant's office have broken all previous records for dispatch of work. It has been unusually speedy.

The unsettled conditions which have prevailed for the past few days will soon pass away and the good old life once more will be under way on its best year.

"Red" Thompson, popular yell leader of last year, arrived on the campus the 17th. "Red" has just gotten back from the land of Tequila, Mescal and Petroleum and reports a very, very pleasant summer. He ran across "Danny" McMurray and several of the old A. and M. men in the field of Mexican crude and of course, the bunch got together. We're hoping to have Thompson with us again this year. Stick with us "Red."

First Spasm: Oh! a squirrel scampers near with a hungry look in his eye."

Second Spasm: "I flee in fright."

DR. W. B. BIZZELL,  
Our President.

MAJOR IKE ASHBURN,  
Our Commandant.

### TEXAS AGGIES WERE SUPREME IN ALL CAMPS

Copped Everything at the R. O. T. C.  
Training Camps—The Aggie Spirit  
Would Not Down.

The students returning to A. and M. this fall who had the good fortune to attend one of the summer camps this past summer returns with a new conception of the R. O. T. C. He realizes that it not only benefits his government; but that he is the one chiefly benefitted. It is an unusual thing for a person to be given a trip half way across this great country of ours to some place of national repute. Not only was this done; but pay was given for allowing it to be done.

Patriotism does not commence with the declaration of war as too many are prone to think, but is a part of the common every day life

A. AND M. OPENS.
