HOUSTON TEAM NO MATCH FOR FAST AGGIE QUINTET

Dwyer and Company Perform In
Midseasan Style After Listless
First Half.

The Houston Triangles lead by two former A. and M. captains, Forbes and Longscope, were defeated on the local court on Saturday night by the score of 22 to 14. The game was one of the roughest seen here in years, at times resembling a football game more than a basketball game.

The Aggies started the scoring in the first minute of play on a free throw, immediately followed by a field goal. The Houston boys came back and tied the count, then forging ahead, but the lead was short lived, for the Aggies were soon in the lead never to be headed again. The score at the half stood 13 to 10. All during this half the passing of the home team was not the best and for the great work of the guards the score might have been different.

Aggies Come Back.

The Aggies came back in the second half and literally swept the Triangles off their feet. Carrying the ball down the court at will and missing but few shots at the basket, they soon rolled up a big score. The visitors seemed unable to stand the fast pace set by the home team. Captain Dwyer's men covered the floor in midseason form and showed no signs of fatigue at the finish.

For the Aggies Keen probably showed up best for the time he was in the contest. He looped several baskets and was all over the court. Dwyer played one of the most brilliant games of his career, time and again carrying the ball to the opponents goal single handed. Williams again led the team in scoring, with five field goals. Ehlert as well as Gill and Megarrity came in for their share of the honors.

For the visitors Longscope was the individual star, often carrying the ball down the court with a smoothness that was very noticeable. "Todda" Forbes due to lack of training was not up to his old time form.

The Linup: Triangles; Longscope and Johnson forwards; Davis and St. John guards; Forbes, center. Substitutes: Cannon, Jackson, Aggies. Williams and Ehlert forwards; Dwyer and Gill guards; Darby Center. Substitutes: Megarrity and Jones.

Moore (Sewanee) Umpire.

The
Bullethead

Two wonder teams have the Aggies met and twice they have come off the field undefeated. Give us more wonder teams SULLY.

Fisher, the Harvard mentor says the Centre loss was due to an injury sustained by Roberts in the first

BASKET TOSSERS LEAVE THURSDAY

Meet Mustangs and Bears on First
Road Trip of Season.

The undefeated Aggie Quintet will leave on Thursday for their first road trip of the present season. On this trip they will play four games two with S. M. U. and two with Baylor. This will mark the opening of the conference season, for all three teams and will give some line, on the way the race will go this year.

Very little is known here of the Mustang Five, since they have played only two games this season, losing both to Coach Gardner's team from Southwestern by rather large scores. However the Pirates have a wonderful team this year and too much cannot be based on these games. Jimmy Kitts, the star athlete of the Mustangs, was absent on a hunting trip when these games were played and his presence in the lineup will make a different team.

Bears Have Fast Team.

When the Bears are met on the Cotton Palace court on Monday night, the Aggies will meet their first real contender for conference honors. Coach Bridges has built a wonderful team around Lyons and Bradshaw. Lyons was selected as All-Southwestern center last year, by practically every sport writer in the state. Bradshaw continues his spectacular playing and seems to be the star of the team as he was of the football team. The Bruins lost two games to the Triangles early in the season but the team at that time had had little training. During the holidays they took a trip through the southern states meeting some of the best teams in that section. Very few games were won by the Texas team but no doubt they improved wonderfully and are expecting to win from the Aggies.

The Aggies have undergone some strenuous training since their last games. Both Coach Bible and McQuillen have been on the floor the past week and the team has made wonderful strides. The passing is getting better and the forwards are getting their eye on the basket. When the team returns next Wednesday we still expect them to be undefeated and on their way to their third Southwestern Championship.

quarter. We only had three regular backs on the sidelines due to injuries. However we offer no alibi.

Seven varsity men ineligible on Monday—Seven Varsity men eligible on Tuesday. Funny.

We not only produce athletes of All-American calibre but our latest contribution is an All-American Yell Leader.

Among the numerous wedding receptions tendered Bo McMillin that by the Aggies at the Dallas Stadium was in our mind the warmest of all and the one that he will longest remember.

Only five Aggie basketball captains on the court Saturday night. Quite a family affair.

BIG JUMP IN BASEBALL STOCK

Eugene Cochreham, Heady Mound
Artist to Coach Aggie Diamond
Stars.

When the powers that be signed Eugene Cochreham of Luling, Texas to coach the A. and M. baseball team for the coming season they apparently put the final and important cog into a baseball machine that should, and we trust will, bring home the meat for diamond lovers around College Station.

Mr. Cochreham has been in professional baseball for the past ten or twelve years. Most of that time has been spent in the Texas and National Leagues, although he spent a short time in American Association. He was a member of the Boston Braves when they blazed through the National League to a championship and then defeated the then famous Philadelphia Athletics for games in a row for the world's championship. While with Boston he was associated with such brainy stars and coaches as George Stallings, Fred Mitchell, John Evers, "Rabbit" Maranville, and Leslie Mann.

Since coming back to the Texas League this same Texan has pitched a classy brand of ball and has at the same time won recognition as an all-round baseball strategist. In 1920 he managed and pitched for the Lockhart Independents and his superior knowledge of the game as well as his ability as a hurler contributed a large part in bringing the state championship to that town. It is said that the opposing pitcher is never at ease when he is on the third base coaching line.

He is at present the property of the Houston Club, but their loss is our gain. We say this in view of the fact that he has signed a contract to handle our baseball reins from the first of February until the first day of June. For the past two seasons we have had the services of Paul Sentell during the early part of the year but his connection with the professional game caused us to lose him right in the middle of the collegiate race. This year it will be different.

Mr. Cochreham begins work here on February 1st when he will call out the battery candidates. Others will be called out later. The only letter men lost from the 1921 roster is Henderson, who did the bulk of the mound duty. Therefore, will all due respect to other hurlers on the club, it would seem that we need a man who is able to handle pitchers and if there is one within the borders of this big state we feel that A. and M. has his services. He is also the kind of man who will fit in naturally in an Aggie machine. His connections with the diamond now are largely the result of his love of the game and that is certainly the kind of ball played on Kyle Field. The Battalion as a mouthpiece for the entire A. and M. student body welcomes him and promises him every support in the attempt to do big things for Aggieland baseball.

AGGIE SCHEDULE FOR '22 ANNOUNCED BY SULLIVAN

Six Games on Kyle Field; Two New
Teams on Card.

The 1922 football schedule as given out by Business Manager Sullivan is practically the same as this year. This means one battle after another throughout the entire season. The card includes ten games, six to be played at College Station and four on foreign fields.

The season opens here on September 23, when the varsity takes on the husky Freshmen team, which from all advance notices should be a wonder. One week later Arnold Kirkpatrick will bring his yellow Jackets here from Brownwood to battle the Aggies. This team held the Aggies to a 14 to 7 score this year and will probably make things interesting next year.

Following the Yellow Jackets, the Arizona Wildcats come for a game on October 10th. This team was undefeated the past season by the Aggies, later meeting Centre College in a postseason game at San Diego. Centre won 38 to 0. Just four days after the game with Arizona the Southwestern Pirates invaded the local camp. This team has not played the Aggies since 1919, when they were defeated 7 to 0, due to a long run by Higginbotham.

On October 20th, Louisiana State University comes to College Station, and the Aggies intend to get revenge for the defeat handed them in the swampy state this year. This game will probably be the best played on Kyle Field during the entire season. After L. S. U. the Aggies take on Henry Kendall, now the University of Tulsa.

The first big conference game comes on November 4th, when the team goes to Waco for their annual clash with the Baylor Bears. Baylor will undoubtedly have the best team in her history in 1922 and this game will probably be the best played in the southwest during the next season.

Armistice Day will find the Aggies at Dallas playing Southern Methodist University. This team has never beaten A. and M. but things have changed at the Methodist school lately and they should be heard from in the next few years.

After returning from Dallas the Rice Owls will be met on November 20th and ten day later the gridiron classic of the southwest will take place on Clarke Field at Austin.

The above schedule includes games with five conferences, four being in Southwestern Conference, one in the Rocky Mountain Conference, one in the Southern Conference, one in the Oklahoma State Conference and three in the Texas Intercollegiate Athletic Association. Really a representative schedule for the leading team of the great southwest.
