Mr. Eddy's stay in College was a great benefit to every person in the community and it is the bringing of these great men to A. and M. which will help improve the broadness and high type of men who leave here to take their places as leaders of men.

In his new position, he will be at home with his parents and also has two brothers there.

He was required to take a civil service examination for the position and was in competition with four others. Of these men he easily made the highest grade. Soon after taking the examination, during December, he was notified of this opening and accepted it at once.

hung up in this part of the world and seem to want to try their luck against the Aggies.

In this meet particularly every large university in the United States will be represented as well as some few from England. Mr. Sullivan has not definitely decided whether he shall accept the invitation or not. It would be a long and hard trip on the men requiring quite a bit of time and expense. However, every effort will be made to arrange matters so that the Aggies will be present.

He sat across the car
From me. Only a profile,
Clear and handsome as a
Prince, was
Visible. Would he turn
And let me gaze into
His wondrous orbs? Ah,
What beautiful eyes he must
Possess. Then—
He turned and bent
One eye upon me. The
Other eye was focussed upon

If I am looking back to see
If they are looking back at me.
