

easy observance of some unit, activity or interest of the institution. Every event of the program will take place on the campus. It is desired that every resident of College Station and the citizens of Bryan take an active interest in the meeting, attend the sessions, and entertainments and meet the visitors individually and thus add to the possibilities of having the women guests learn more of the institution.

Having the guests scattered over the campus in the homes instead of grouping them inconveniently in crowded quarters is only one means conceived to influence favorably the impressions that will be gained and the knowledge that will be acquired.

In a few days residents will be solicited for accommodations to guests and it is hoped to put a large majority of the visitors in homes. Lists of delegates and alternates will be received here in advance of their coming and residents will be allowed to choose their guests from those lists if their acquaintance permits them the advantage of selection.

The women will arrive here on the day trains Thursday, April 6.

A dress parade will be given in their honor at 5:15 in the afternoon. Following the parade a short automobile ride will be taken in the vicinity of the College. At 6 o'clock they will be present at retreat. At 7 o'clock a dinner and reception will be given in the Mess Hall. This will be a formal affair. Everyone is invited and it is hoped to have a representative group of Bryan and College people present but through necessity the number that may attend has been limited to 150. Tickets will be placed on sale previous to the affair. Following the luncheon the first regular meeting will be held in Gulon Hall, at which time President Bizzell and other college officials will welcome the guests, the president of the Federated clubs will deliver her annual address and former presidents will be presented.

The first regular session will be held Friday morning beginning at 9 o'clock and continuing until 11, at which time the session will be adjourned for a memorial service to last until noon. A luncheon exclusive for delegates and officers will then be served in the private dining room in the Y. M. C. A.

From 1 until 5 o'clock the clubs will be in continuous session. Dinner will be served at 6:30. Private dinner parties will be permitted at that time, but those not accommodated in that way will be served in the Mess Hall. At 9:30 a general reception has been arranged to take place at either the President's home or in the Y. M. C. A. and at which time it is hoped to have all College and Bryan people present to meet the guests.

The concluding session and election of officers will be held Saturday morning and the women will depart on the day trains.

Take one reckless, natural-born fool. Two or three drinks of bad liquor. A fast high-powered car.

Soak the fool well in the liquor, place in the car and let him go. After due time, remove the wreckage, place in black stain lined box and garnish with flowers.
