

mer, and the giant Keen, has not been able to practice yet, due to a torn cartilage on a couple of ribs, being the price of a Baylor cage affair. However Dieterich and Dinwiddie have been heaving the heavy ones lately, the former however, being slightly retarded on account of a sore shoulder. Jarvis, the Aggie heavyweight wrestler, looks like a real promise in the javelin and Wilson, a football squadman, in the shot put.

With the Mustangs carded for an opener for the thinly clad lads, just three weeks away, Coach Anderson will send his men through the mill and no doubt will start the season right by hanging up another win over the Dallasites.

of their success in scoring. For the remainder of the game Olsen pitched a brand of ball that was bound to win especially when he was given perfect support. The whole club seemed to do their best defensive work in the pinches.

The first count for the locals was made by Smith who went to first when Pearson hit him. He went to third when Denoville made an error on Cockrell's sacrifice hit and scored on Captain Crawford's fly to right. Morris made it two and a victory when he got a double down the left foul line, went to third on Dinan's infield hit and trotted home on Smith's clean drive over short.

Altogether the showing made by the local aggregation was a very pleasing one. They showed the first day that they can hit and hit hard. Mathews and Gill both showed enough to give their supporters just cause to believe that they are due to get the right results this season. As to Olsen, well the box score tells enough. Four measly hits was the best the hard hitting Buffs could do with his offerings and one of these was of the scratchy variety. Cockrell making his debut in the sun-field certainly did more than well at that difficult po-

sition, in fact, the whole club convinced the onlookers that our hopes for a winning team is based on something more than mere theory.

The score.

LAW PROPOSED TO CONTROL VAMPIRES

With a view to protecting the men from the wiles and blandishments of the gentler sex, a measure was introduced in the Georgia legislature some years ago which provided that, "If any woman, whether maid or widow, shall betray into matrimony any unsuspecting male subject of the state by scents, paints, powder, cosmetics, artificial teeth, false hair, iron stays, corsets, pads or padding, hoops or high heeled shoes, or by any other deceitful means of artful practices, the marriage upon conviction shall be null and void."

We think that this as a darned good way to start a race-suicide movement. But it isn't so hard to fool the men. When a fellow sees a bunch of paint and powder, he knows there's some woman's face beneath it. And he doesn't give a hang if some of it does get on his shoulder.

THE Y CABINET THEATRE PARTY

One of the most enjoyable parties held at Bryan or College this year was the theatre party given by Mr. and Mrs. Fairman to the members of the Y Cabinet and their friends.

The party met in mass in front of the Queen Theatre at 7:45 p. m., March 17th and occupied together a section reserved for us. The picture seen was "The Four Horsemen of the Apocalypse", and everyone thoroughly enjoyed the intense feature.

Following the performance the entire party retired to the library hall where the remainder of the evening was spent in the playing of various games, after which refreshments were served. Everyone who participated derived enjoyment and "a good time was had by all."
