

**ATHLETIC DEPT. ANNOUNCES BASKETBALL SCHEDULE**

The Athletic Department has announced the basketball schedule for the season of 1923-24, as follows:

- Jan. 11-12, T. C. U., home.
- Jan. 18-19, Baylor, Waco.
- Jan. 21-22, S. M. U., Dallas.
- Jan. 25-26, Rice, home.
- Feb. 1-2, Texas, Austin.
- Feb. 8-9, S. M. U., home.
- Feb. 15-16, Rice, Houston.
- Feb. 22-23, Baylor, home.
- Feb. 25-26, Arkansas, home.
- Feb. 29, Mar. 1, O. A. & M., Stillwater.
- March 3, T. C. U., Ft. Worth.
- March 7-8, Texas, home.

This is the most complete schedule that an Aggie basketball team has ever undertaken and if the squad can go through that layout and emerge with a championship they will indeed be champions. Every conference team is on the list, making the schedule truly representative. The Christians and the Razorbacks are newcomers as basketball rivals and the performances of their teams in games previous to the matches here will be eagerly watched. The basketball race this year will be closer than ever before, if pre-season dope spells anything, as both Texas and Baylor will have veteran teams.

**COMPANY BASKETBALL STARTS**

"Tiny" Keen has sent out the call for company basketball stars to begin practice and before long battalion rivalry on the courts will be intense. "Tiny" is director of the company league this year and from present indications will have good material to choose his All-Company team from. The object of the league is to uncover talent for the Varsity squad and it is for this reason that the season starts so early in the year. There will be eight teams in the race and the winning team, figured on a percentage basis, will receive sweaters. The men who show up well during the race will be given a chance when the regular basketball season opens.

Coaches for the eight teams were chosen from the squad men of last year and those who could not coach their own organization drew for teams. Damon will coach the 1st Battalion, Kruegar the 2nd, and Simpson the 3rd. Dealy will be at home among the troopers, and "Ape" Brient has the Artillery. Monte Currie has the Signal Corps, Duckett the Aviation, and Washburn the Casuals. This makes eight teams in the race and it is planned to let every team play every other team twice. That will give a representative schedule and enough games will be played to really determine the champion.

The value of inter-battalion basketball can hardly be stressed enough. Some of the most valuable of the football men are discovered through the football league and it stands to reason that there are a number of good basketball men in the school who are hiding their light under a bushel. During the last three years there have been no basketball men really discovered in the company games but they have served to give experience to the Freshman stars. This year it is hoped that new material will be found for the squad through this medium and that every man who goes out will be benefitted by the game.

have him. The Longhorns have been so crippled with injuries for the past three weeks that the Athletic Council must have decided that they needed more guardians.

The Aggies came through that ariel attack that has been threatening for some time against the Pirates. Her passes gained 4 more yards than did the r runs from scrimmage.

The Southwestern game was well scouted by the Bears. Coach Bridges came down and brought with him Kirk, the All-Southwestern center of two years ago, and Fort one of his assistants. Fort was also scouting for Sewanee. There were several other scouts present but they kept pretty well hidden. A special section ought to be reserved for scouts at the Sewanee game so they can consult and make sure they find out all they want to know.

That pass, Gill to Knickerbocker, that the Aggies have been using has been successful 6 times out of 7. Pinson will be back in the game at Dallas and that will give two reliable passers to throw them to Knick. Evans and Wilson are both getting hot at snatching the oval, too.

The Beaumont Enterprise carried pictures of 7 of the Aggies. Very few of the boys got to see them though for Bull Johnson bought up all of the available supply as soon as he heard that his picture was among them.

The Longhorn coach has shifted Joe Ward back to the line. He played guard in the Phillips game. Doc, maybe he can fill that hole at quarter; you've used him everywhere else.

It sure is great work to work for an editor that enters into everything the paper does with all his soul. Tom McCarter made a fine speech the other night for extra Battalion subscriptions and then went down and hollered his lungs out giving 15 for the Bat Staff. Somebody punched him while he was yelling and when he realized what he was doing he blushed and nearly ruined his celluloid collar.

Sounded Natural

"Did you give this man the third degree?" asked the police officer.  
"Yes. We browbeat and badgered him with every question we could think of."  
"What did he do?"  
"He dozed off and merely murmured now and then, 'Yes, my dear. You're perfectly right.' And it is mighty important to know when what you buy is also 'perfectly right.' It is our custom to find out all there is to know about anything we have. That is why you can depend on what we tell you about anything we sell you. If you get it at this store you can be sure it is 'perfectly right' in price, in wear, and in service for the purpose you want it."
