

"Y" NOTES

The Y. M. C. A. Gospel team with the members of the Cabinet is planning on giving a program at Navasota next Sunday nite. An interesting program is being arranged including talks, and music. The meeting will be terminated by a supper given by the folks of Navasota.

Mr. Medberry and Preston conducted religious services at the Union Hill church last Sunday nite. A good attendance was present and a very inspirational service held.

The "Y" hopes to extend its Gospel Team work to many of the rural communities and adjacent churches.

Among the guests at the "Y" last week were: Mr. and Mrs. W. B. Langford of Normangee, Texas; I. D. Schaub, Washington, D. C.; W. H. Conway, Waco, Texas; John A. Lomax, Austin; S. E. McGregor, Melona; E. Drenck, LaGrange; Mrs. H. B. Stone, Port Arthur; and Mr. and Mrs. W. J. Hulon of Willis, Texas.

PLEA FOR RECORD ATTENDANCE AT SUNDAY SCHOOL NEXT SUNDAY

President W. B. Bizzell Urges Large Sunday School Attendance.

An effort is being made by the religious forces of the College to have a record attendance in the several Sunday School classes next Sunday morning. The goal is a thousand students actually present. This is approximately fifty per cent. of the total enrollment in the College. If this figure is reached, it will require the combined effort of every man interested in the religious welfare of the institution. Let us all join in making next Sunday the record day in attendance at the College.

Come to Sunday School next Sunday. Invite your friends to come. Let the slogan of the year be "A Thousand Men of A. and M. Studying God's Word."

W. B. BIZZELL,
President.

DAIRY HUSBANDRY TEAM RETURNS AFTER A VERY SUCCESSFUL TRIP

The Senior Dairy Husbandry team returned to the campus last Thursday after enjoying an extensive trip through many Southern and Eastern points. The first stop was Memphis where the team stayed five days and won the Southern Championship. Stephens was high point man of the show. Poage was high point man in Guernseys. A. and M. won six of the seven medals that were awarded.

The team spent one day in Shelbyville where they visited the noted Alandale Jersey Farms. From here they went to Lexington, Ky., and observed the Kansas U. and Kentucky football game. The men on the team remarked that either team would have been an easy mark for our Bull and company. The next stop was Columbus Ohio, and the team spent a delightful day visiting the Hartman Stock farms and Ohio State U. The Aggies made several other short stops and proceeded to Syracuse for the big show. They stayed four days at the National Dairy show.

A. and M. proved her superiority at the big show when Fred Downs won the four hundred dollar cash

scholarship for taking high-point man in Jerseys. The rest of the team finished well up among the leaders and gave the other teams a hard and fierce battle.

The team returned by way of New York City and Washington, D. C. They stopped off in New Orleans and then back to College. The team was able to give good account of themselves and the whole of Aggieland is proud of them. Much of their success was due to the great coaching of Professor Darnell. The team was composed of F. Downs, L. Stephens, K. Cottingame, and C. Poage. May success always follow you prides of Aggieland.

ANIMAL HUSBANDRY MEN LEAVE FOR DALLAS FRIDAY

On Friday night, twenty-eight Senior and twenty-five Junior Animal Husbandry men will leave for Dallas and will be gone until the twenty-fourth. Eighteen of the Seniors are men trying out for the International Stock Judging Team, and they are making this trip in order that they may work with the animals on exhibition at the State Fair.

The purpose in going to Dallas, is to give the men a chance to work with finished animals; one thing the A. H. Department does not have. They will also have access to practically all the different breeds of live stock. One day will be spent in judging each kind of stock, and each day will be devoted entirely to judging.

The men trying out for the team will be given particular attention, and this trip will also serve as an elimination contest as the squad will be cut to twelve men upon their return. The other men will benefit by the instruction and practice they receive.

It has been rumored that Coach Stangel is going to have the hardest time he has ever had in selecting the six men that will make up the team. This is evidenced by the fact that eleven of the men on the squad have had actual experience in contests; some at the Dallas Fair and the others at Oklahoma City last year. The entire squad is fighting tooth and toe-nail for a place on the team.

The Coach as well as the other members of the A. H. Department are very much pleased with the progress the squad is making and the spirit they are showing. Although they are not making any promises, they declare that this year's team will be the strongest that A. & M. has ever sent to the International Show at Chicago.

"Doctor, if there is anything the matter with me, don't frighten me half to death by giving it a long, scientific name. Just tell me what it is in plain English."

"Well, sir, to be frank, you are lazy."

"Thank you, doctor. Now tell me the scientific name for it. I've got to report to the missus."—Pract. Med and Surg.
