AGRICULTURAL ADMINISTRATION SOCIETY HAS AN INSTRUCTIVE PROGRAM

A short but very instructive meeting was held by the Agricultural Administration Society last Friday evening in the assembly room of the Agricultural building. The subject of commercial letters was discussed and were taken up from several different view points.

Jack Hays talked on commercial letters in a general way telling of their correct form and the importance of this in the business world.

J. B. Mertzzen's talk was directed to the proper forms of sales letters. He told of their effectiveness if written in the right manner and gave several examples of good sales letters.

L. W. Stasney gave an interesting discussion of letters of correction. He showed the importance of both

tact and form in writing a letter of this kind and pointed out the things that should be avoided.

A letter of application was the final form to be taken up and a very instructive talk was made on this by Steve Noble. This was something that most college graduates are concerned with and he told how a practical letter of application should be written. The meeting was then adjourned so the members could attend "The Bat."
