

**IN CARVING
A CHICKEN**

T. K. LAWRENCE

rocking a cradle or making a fine suit of clothes—nothing can take the place of the human hand.

Known Clothes are skillfully hand needed to your individual measure.

'92 also are coming back in full force and will contribute to the history-making reunion.

The mere boys of 1904 and of 1909, '10, '11, and '12, also will be back. Of course there too will be many Aggies who will return whose classes will not be holding reunions. Some of these faithful ones make it back every year and without their return commencement would not be commencement.

The Y. M. C. A. building is being set aside exclusively for alumni and former students and other accommodations will be provided as needed. In order that we may know something of about how many to provide for those who contemplate returning are requested to advise Association headquarters. An effort will be made to provide comfortable quarters for everyone.

The full program for the commencement exercises is given in The Aggie. The annual business meeting of the Association of Former Students will be held Monday afternoon at 2 o'clock in the Y. M. C. A. Chapel. That night the Brazos county exes will entertain the visiting delegation with a party the details of which will be announced later.

This year's graduating class will be the second largest in the history of the College. There will be 211 to receive the Bachelor's degree in either engineering or agriculture in some of their phases.

The program is an elaborate one and those who have not attended a commencement exercise in recent years will have a rare opportunity ahead of them for a great week.—The Aggie.

ANIMAL HUSBANDRY PICNIC

On the afternoon and evening of May 1 the annual picnic of the Animal Husbandry students was held at Royal Pond.

Immediately after dinner of that day the A. H. students started a migratory movement for the picnic grounds and by 4 o'clock 200 guests had arrived. The program for the afternoon was started at once.

The first event was a baseball game between the A. H. professors and the seniors of that department. The game was a thriller. Up until the third stanza the Profs were leading by the narrow margin of one run. In the fourth Dick Shelton turned a defeat into a victory when he tripled with two on. These scores proved enough to give victory to the seniors. The final count was 2 to 1.

A second game was started but it was brought to an abrupt end when Jake Parr and Bunny Flint announced "soupy". It is to their efforts and knowledge of the culinary arts that an excellent spread consisting of barbecued meats, hot buns, potato salad

boiled eggs and hot coffee was served. This delectable repast was topped off with ice cream, cake, fruit and lemonade.

After the feed Dean Kyle made a short talk in which he said that he was heartily in favor of the proposed A. H. library. Following the Dean the editor of the Farm and Ranch made an educational talk on problems of the A. H. men in Texas.

These talks were followed by mounted wrestling matches, foot races, and finally the urge to return to College Station. Everyone is centering attentions for next year's affair.

CARRY THIS WITH YOU.

When you are in the following towns this summer remember the dates and places and make it a point to make the club luncheon held by the A. and M. Clubs:

Dallas, the club meets every Friday at 12:10 at the Oriental Hotel.

In Houston, every Friday at 12:10 in the Rice Hotel.

At Galveston, at Rogers Cafe every Friday at 12:10.

Waco, the 21st of every month at the Manhattan Cafe at 12:10.

The San Antonio Club meets the first Wednesday in the month at 12:10, Gunter Hotel.

M. F. Ward of the Business Mens' League is secretary of the Palestine Club. The monthly dates are to be announced.

The Wichita Falls Club meets every first Saturday evening. H. R. Isbell, county engineer, president and R. W. Stiles of the Texhoma Refining Co., is secretary of the club.

Nacogdoches Club meets monthly, and the dates are to be announced later. Dr. D. D. Giles, veterinarian, is secretary.

The Fort Worth Club meets regularly. T. B. Hoffler, president of the Fensland Oil Co., is president of the club.

CARD OF THANKS.

Caldwell, Texas, April 30, 1924.

Our family assembled at home. It is through the will of God that we have one vacant chair and the absence of the sweet charming voice of our dearly beloved son and brother.

We take this method of extending our heartfelt thanks and appreciation for the consoling words, the many beautiful floral offerings, and the assistance offered us during the recent sudden death of our beloved son and brother. We shall never forget the campus friends and the students of A. and M. College who were so heroic in their efforts to save the life of our loved one. We also wish to thank the friends of Bryan for their noble assistance rendered. We assure each of you that words are inadequate to express our gratitude. May God bless each of you is our prayer.

**Don't give a cap
"too much rope"**

Just when you're hurrying the most—zip! and away goes that shaving cream cap. The new cap on Williams ends the nuisance forever. It's hinged on and can't get lost.

In shaving, too, Williams has just as noticeable improvements: Williams lather is heavier and more closely woven. It holds the water *in* against the beard. Result: quicker softening. Williams lather *lubricates*—no irritating friction. Last, Williams is decidedly helpful to the skin. It keeps your face comfortable no matter how heavy your beard and how tender your skin. There's no coloring matter in Williams—it is a natural white, absolutely pure. Say "Williams Hinge-Cap" to your dealer.
