

THE DOPE BUCKET.

(Continued from Page 10)

Instead of having the quarter calling the signals on the Owl team, Coach Heisman has Underwood, the 200 pound center performing this task.

The Freshman team this year numbers among its players several men that are due to fill some varsity man's shoes next year that will have been left vacant by graduation. Those who witnessed the game against Allen Academy in Bryan Tuesday will agree to the statement that this year's team is one of the strongest that has been seen at A. and M. in several years.

In Hunt, Turner, Willis and Sykes, Coach Anderson has a backfield quartet that worked to a perfection in the recent game. The running and plunging of Hunt, Willis, and Sykes, together with that of the Fish field general, Turner, were features of the tilt. Turner handled the team in a very capable manner.

team, Speed, and Sprott all played a Woodland, the captain of the Fish splendid game in the line against the fast Allen eleven.

The first string that Anderson has been using, has kept its goal line uncrossed the entire season. The two touchdowns Allen made were against the second team.

RICE OWLS VS. THE AGGIES—FRIDAY

(Continued from Page 10)

feathers must fill the air Friday afternoon, and the maroon jersied warriors must emerge from the melee with the choicest of the tail plumage clutched tightly in their grasp. For this to happen, fight, such as was exhibited in the T. C. U. game last Friday, will have to be shown. Don't let up for a minute. Just keep fighting and the score will take care of itself.

AGGIES TROUNCE HORNED FROGS TO TUNS OF 28 TO 0

(Continued from Page 11)

the Aggies put up against the T. C. U. club was the best they have exhibited this season. They possessed a drive that could not be stopped; their interference was almost perfect; the famous Aggie defense stopped all attempts to gain thru thm; and added to all of this, was the determined spirit that characterized the entire team,—a determination to win. All of this enabled the Farmers to score the four touchdowns. There would probably have been more, but the style of play was new and a different one from that which had been used in all of the previous games, and the game served as the opposition to this new team and new system and it was this that held the score down.

DAME RUMOR

Say I tell you Dame sure has the "low down" on some of the boys. She said that she had an enjoyable time in Waco, but we don't see how, for she sure had "plenty" to tell us when she got back.

She tells us that it took a certain captain seven hours to drive from Waco to Taylor, well that was pretty bad we thought, when she told us that a certain lieutenant, Cavalry, hired a service car to go to Thornton from Waco, well we quit. We can stand a lot of things, but not many like that.

Dame also tells us that there is a first lieutenant in Ross Hall that sure does like to ride in Lincolns, she says that he likes that even better than dancing, as bad as he hates to miss the dance Monday night. Maybe they haven't any Lincolns in Alpine.

Dame made a startling discovery in Bryan the other day. She said that she was out to see a little girl that drives a Dodge coupe and as she started in the house she saw a sign on the door. Well what do you suppose it said, sounds like a fairy tale doesn't it. Well it is not and Dame said that she could not figure it out, and we say that we cannot feature anything like that, but nevertheless it is so. According to Dame here is what the sign said: LEASED FOR THE WINTER by J. C. B. Now get your slide rule and figure it out.

Mother: Did I hear you say darn?
 She: No Mother, I don't use baby talk any more.
