

DEDICATION OF NEW STADIUM TO BE IMPRESSIVE

(Continued from Page 1)

crowd of people it has been called upon to entertain. The A. and M.-Texas U. football game—the football classic of the Southwest—has always drawn thousands of people. All previous records for attendance at the game will be broken when the crowd of about 35,000 people assembles for the game. An unusual interest in the game this year is evident from the fact that over 31,000 tickets have already been sold, and the remaining 3500 are almost sure to be sold before the game begins. The formal dedication of the new stadium at the University of Texas has aroused unusual interest all over the state in the game, as well as an interest in the other events which will compose the program that is being planned by the University, cooperating with the Chamber of Commerce. Caring for the thousands of visitors and entertaining them will be well done, for Austin is making every effort to assure its visitors a good time and an hospitable reception.

The program for Thanksgiving Day will be inaugurated with the arrival of the A. and M. Cadet Corps at eleven o'clock. The cadets will at once parade up Congress Avenue and will be reviewed from the balcony of the Stephen F. Austin hotel by Governor Pat M. Neff, Governor-elect Miriam A. Ferguson, President W. M. W. Splawn of Texas University, President W. B. Bizzell of A. and M. College, and other state dignitaries and officials.

The formal dedication of the new stadium will begin at 1:45 p. m. when the procession moves forward to the stand on the field. The program is in keeping with both the spirit of the events and the spirit of Thanksgiving.

Special entrances have been designated for the different spectators to the game. Special arrangements have also been made for parking cars. Printed programs containing information for the visitors will be dis-

TRAGEDIES OF THE WEEK.

Colonel Turner is the authority for the information that Bill Caldwell does like to sleep. At any rate the First Battalion was adjutant-less at the last Saturday morning review.

George Calloway finds that the bracing November air is even more bracing when one is motoring over the greensward of Brazos county in an Overland with a perfectly wonderful girl. But that Sunday afternoon (for the day was Sunday) was so very, very short.

Rumor has it that "Monk" Underwood is quite interested in Public Speaking as it is taught in Hearne High School. Or can it be the fair young instructor who interests "Monk" so much?

And in passing it might be mentioned that W. R. Smith had one date with the same girl some days ago. Somehow all was not well—at least the young lady returned to see Underwood the past week-end. We are wildly guessing that this consolation visit was prompted by either the comparison or the incomparability of these two young men.

We hate to stay after Guion so hot but the boy did nearly leave the campus in No. 2 uniform the past week-end. But how can we expect him to remember that he was to wear No. 1 when his destination was, of course, Navasota.

Ticket holders can find in these bulletins information as to location of seats and the entrances nearest their seats.

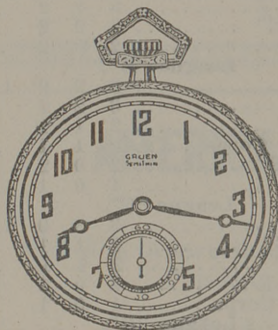

Headquarters of the A. and M. contingent will be at the Driskill Hotel. University followers will gather at the Stephen F. Austin Hotel.
