

S. M. U. IS DEFEATED 38-14

The S. M. U. Ponies came to Aggie-land Friday to play the Aggies one of the hardest fought games witnessed this season on the Memorial gym court and lost the contest by a score of 38 to 24. Gene Bedford, who a little more than a week before defeated the Aggies almost single handed on the small Dallas court, was completely smothered by Wilcox and Washburn, so to speak, in the contest Friday night. He netted eight points for his team in the first half but during the second he never succeeded in tallying. Jones was high point man for the visitors with nine points to his credit—three field goals and three free throws. Tucker for the Aggies played a sensational game, even though he looked at times as if he were completely exhausted, he would receive the ball and toss another basket. His total points for the night counted fourteen.

The game was closely contested until far into the second half. At the end of the first half the score was a tie 14 to 14. Again in the second half the score was tied at the 20 point mark. Finally the Aggies broke loose and finished the game with a twelve point lead.

Wilcox was one of the bright lights of the night. To put it in understandable language he literally "opened up," covering the court consistently, outrunning his opponents and averaging a goal out of every two shots. Captain Washburn and Punk Baker played stellar games as usual.

Jones and Bedford were the backbone of the visitor's team.

BATTERY "B" EDITION OF THE BATTALION IS FAVORABLY RECEIVED BY CORPS

The Battery "B" Battalion, which was published last week was received with great pleasure and exclamations of approval by the student body.

It was unique in style of composition breaking away from the restricted from heretofore adhered to by organization publications. Instead of devoting several pages to the cuts and "write-ups" of the Battery personnel—which would have had a limited scope of interest—the entire thirty-six pages were utilized with humorous material. The cross-word puzzle was appropriate and sufficiently difficult to tax the ingenuity and ability of the numerous enthusiasts. Since it is considered more difficult to originate a puzzle than to solve one, the product is the originator's own compliment. The many cartoons, which are the life of humor, were typical of college life and were well drawn. The cover design was spicy enough to arouse interest and the Valentine theme was well expressed.

The "B" Battery Bat accomplished its aim—an interesting, yet conservative college comic.
