**WARNING!!!**

I've taken my school as I found it;  
I've worked and I've loafed in my day  
I've mixed with the students and teachers,  
And studied—alas, the wrong way!

Once I was flunked in my history—  
That was a few years ago;  
Last week they tripped me in Spanish  
So I speak of that which I know.

Now I aren't no hand with professors  
For, taking them all along,  
You never can tell till you've tried them

And then you are like to be wrong—  
There's times when you think that they'll flunk you.

And times when you're sure that they won't;

But the times that they "won't," they always will.

And the times that they "do," they don't.

I've taken my school as I found it,  
And now I must pay for that sin;  
For the more that you try to broaden.  
The more will your studies hem in—  
And the end of it's cribbing and cramming,

And failing to get your degree;  
So be warned by my lot, (which I know you will not)

And learn about college from me!  
—Marquette Tribune.

Co-Ed—"Milo reminds me of the electric chair."

Co-Edna—"How so?"

Co-Ed—"Every time you sit in his lap he starts sparking."

**AGGIES TO ENTER  
KANSAS RELAYS**

**Dash Relay Team Will Go To Lawrence, Kan., April 18.**

Preparations are being made by the Athletic Department to send representatives from A. & M. to the Third Annual University of Kansas relay games that will be held in Lawrence, Kansas, on April 18. At the present time, the department is planning on sending the dash relay team consisting of four men and if arrangements can be made, four more men will be entered.

The Kansas relays give promise of being greater than ever this year and all of the contesting teams of last year expressed their intentions of entering. In the games last year, eighteen new meet records were established and some of them were of such class that they may remain safe for several years.

The referee for the Kansas relays this year is Knute Rockne, the famous coach of Norte Dame University. The starter will be John C. Grover of Kansas City, widely known Missouri Valley sports official who also started the relays last year.

**K. K. K.'S HOLD IMPORTANT MEETING IN NEW CLUB ROOM**

Thirty members of the Kream and Kow Klub met with the instructors of the Dairy Husbandry Department Thursday night, March 19, on the third floor of the C. E. building to formally dedicate their new club room there. In addition to the regular personnel of the club there were present as guests several sophomores who intend to specialize in D. H.

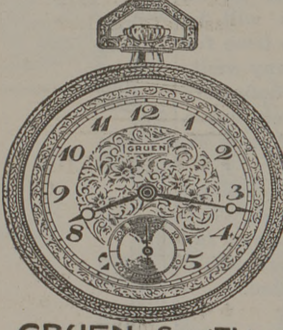

The club room, a spacious room on the top floor of the C. E. building, was presented to the club through the thoughtfulness of the instructors of the Dairy Husbandry Department. This gift is in line with the policy of the department, which has always enjoyed the reputation of cooperating very closely with its students.

Refreshments of ice cream and cake were served and short talks were made by the instructors and by several of the cadets. Professor Darnell

in presenting the room to the club, traced the history of the growth of the department from its infancy to its present size. He discussed the value of the students' club and the advisability of it becoming a member of the national association.

John F. Grace, president of the club, responded and thanked the department for its gift. He was followed by Dr. Grout, who after outlining the value of a course in D. H., presented the club with a gavel that was made by the students of the Deluth, Min., high school and which was given to him by the Commercial Club of that city in recognition of his services to the Dairy Association.

W. B. Orr made a short talk in which he enumerated the advantages of trying out for the Dairy Husbandry teams. He urged the members of the victorious junior team to carry on and called on the ones who failed to make the team this year to redouble their efforts in the future.

The necessity of having cooperation among the dairy farmers was the

theme of Professor Clutter's discussion, after which the meeting came to an end.

**I Love Her.**

She Smokes,  
She paints,  
She powders,  
She reads 'La Vie Parisene,'  
She drinks my liquor,  
She stays out all night,  
She cusses, too,  
She eats lobsters at midnight,  
She does lots of things she ought not to,  
But she's my grandma and I love her.—Witt.

**Adieu.**

And if my love could hold you  
One flaming moment more.  
My empty arms enfold you  
As they were wont of yore.  
Still darling, uncomplaining,  
I'd bow in this to you.  
Nor hint at your remaining—  
I, too, my dear, am through.  
—Columbia Spectator.
