### CATHOLIC CHAPEL DEDICATED.

(Continued from Page 1)

time. The Texas state council of the Knights of Columbus sponsored the building of the chapel at a cost of \$20,000. The chapel was built for the Catholic students attending A. & M. The building is of white stucco, which makes it very impressive. There is a large basement, which will be used as a library and recreation room. The Catholic group is highly pleased with its new chapel, and is very grateful to the Knights of Columbus for making it possible. The building will be called St. Mary's chapel, and will be under the charge of the Bryan priest.

### WEEKS NEWS IN REVIEW.

(Continued from Page 1)

Mr. Hewitt personally during the day, and some few plan to take up the work. This is one of the largest and most successful companies in Texas and should continue to prosper with such men as Dutch Hohn of Houston, Steve A. Noble and Ben Banks of Ft. Worth, T. R. Black of Dallas, C. A. De Ware of Brenham and J. H. Kraft of Bryan all formerly of A. and M. College, already a part of the organization.

Under the able direction of Lt. Russell Powell and Cadet Major Vance, fifty Sophomores and eight Juniors from the Artillery Battalion hiked to a point near Wellborn and camped last Saturday night. The march was made with a complete battery of Field Artillery under as near campaign conditions as possible.

This event was instituted by Lt. Powell last year and was so successful that it has been made an annual requirement in the Sophomore course of Driving and Draft in Military Science. The trip was made to within a mile of Wellborn Saturday afternoon and back by the way of the Sulphur Springs road. Each man had to prepare his own meals so there was just a little difficulty experienced by

some of the boys.

Dean Bolton attended the meeting of the Southwest Geographical Division of the National Electrical Light Assn., which was held in New Orleans last week. He was pleasantly surprised, he said, to find no less than twenty of our ex-students attending the convention. Many of the A.&M. graduates were on the various programs, especially those concerning technical problems. All of the men are well and happy and are holding positions of responsibility and Dean Bolton was very much pleased at their progress.

The first of a series of concerts to be given by the Band on Sunday afternoon was given on the Triangle last Sunday. The band, of 85 members, is under the direction of Mr. Richard J. Dunn who has charge of the music of the college. The boys were all dressed in white trousers and white shirts with black neck-ties.

The program, consisting of marches, serenades, overtures, and a Bass Solo by Willson Davis was enjoyed by a large crowd. Next Sunday afternoon, in honor of the Mothers and of Mothers' Day, there will be one or two special numbers which are very good. The band has been rehearsing all year and it has a good repertoire to pick from. These concerts help to break the monotony for the Cadets on Sunday afternoon and they also furnish entertainment for the Bryan and Campus people.

The merrymaking of an old English village at the approach of Summer was the theme of the traditional May Fete at the College of Industrial Arts last Spring music festival that began Friday night, which is a feature of the day night and closed with the presentation by students of the musical comedy, "The Student Princess," on Monday night. About 1400 of the girls attending C. I. A. took part in the Fete, which is annually one of the outstanding events of the year.

A walled village was improvised among the trees on the college campus. (Continued on Page 8)
