

“P.A.”
letters of
recommendation

EXPERIENCED pipe-smokers from Cape Lisburne to Cape Sable (get out your map of North America!) recommend P. A. to you as the finest tobacco that ever lined the bowl of a pipe. You'll check-in with their recommendation.

Why, the instant you swing back the hinged lid on the tidy red tin, your olfactory nerve registers a fragrance like that of a pine-grove on a damp morning. And when you tuck a load of this wonderful tobacco into your pipe — say, Mister!

Cool as Cape Lisburne, mentioned above. Sweet as the plaudits of a first-night audience. Mild as morning in Cape Sable. (That's working-in the old geography!) Mild, yet with a full tobacco body that completely satisfies your smoke-taste. Buy some Prince Albert today and make the test!

PRINCE ALBERT
—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

MOTHERS AND DADS DAY PLANS COMPLETE.

(Continued from Page 1)

noon will consist of an R. V. Drill at 3:30, a band concert at 4:30, and a banquet at 6:30. This banquet is for the Fathers and Mothers and their sons, and is intended to furnish a means of acquainting the parents with resident T. O. Walton, who will deliver the main address.

For the first time, the program has included Monday morning, when a review of the cadets is scheduled in honor of the parents, at 8:00 a. m. After the review, the rest of the morning will be spent in visiting the classes, and otherwise inspecting the college, until the lunch at noon, when the official program ends.

During their visit here, all the Mothers and Fathers, except those staying at the Aggieland Inn, will be guests of the College and will be furnished with their meals and beds without cost. They will register at the Y. M. C. A. upon arrival, where the mothers will be assigned rooms, some staying at the Y, some at private homes on the campus. The commandant will allow extra cots in the boys' room for their fathers. Extra tables will be provided in the mess hall.

While invitations have been sent to the parents, a personal letter will do a lot more towards bringing them here, and help make that Sunday one of the most happy days that we have enjoyed this year.

Special rates have been allowed by the railroads which should increase the attendance appreciably.

SENIOR CHEMICAL ENGINEERS OBTAIN POSITIONS

As commencement rapidly approaches, and the seniors begin to realize what a college education really means, requests for A. and M. graduates keep coming in from large companies all over the country. From the many offers it is not hard for the graduates to obtain a good position with an exceedingly bright future to it. Nearly all the seniors of the class of '27 in every department have already accepted positions.

The seniors in the Chemical Engineering Department have had a hard time choosing from the many offers they have received, as the Industries (Continued on Page 8)
