Camel is the modern favorite

MODERN smokers make known their preference. And they call for Camels. Never in any age was there a smoking favorite like Camel is today. Camels understand every mood of the modern smoker. Camel mildness and smoothness are supreme with the critical taste of present-day people.

A purchase of Camels brings you the choicest Turkish and Domestic tobaccos. Blended by skill into the world's most popular

smoke, and the best. Quality unapproached, is the distinguishing mark of Camel.

No matter what the price, there is no better cigarette than Camels. Smoke them as frequently as you please. You will never be left with a cigaretty after-taste. Camels aren't made that way. That is why modern smokers everywhere demand them. That is why this age has discovered the tobacco phrase, "Have a Camel!"

MOTHER'S-DAD'S DAY PROGRAM WELL ATTENDED

One of the largest crowds that has celebrated Mothers and Dads Day on the A. and M. Campus was gathered here the last week-end to visit their sons. There were approximately one thousand visitors. They were well entertained throughout the week-end by numerous receptions, banquets, and exhibitions of the College. The program was formally opened with an open air reception at the home of Dr. and Mrs. T. O. Walton Saturday evening. This was immediately followed by a Corps Dance in the New Mess Hall Annex which was one of the best Corps dances this spring because there were enough girls to make it lively. The "stags" had a good time and were glad to get on the line and meet the fair young ladies.

Sunday morning was the occasion for pinning flowers on the Cadets by young ladies or Mothers after which time the Corps was marched to Guion Hall where the entire program was turned over to the Cadets. Sunday afternoon was taken up by an exhibition drill by the Ross Volunteers and a concert by the Aggie Band. The Mothers and Sons Banquet was a fitting climax and termination for the joyous week-end. The Mess Hall Management seemed to try to outdo itself in putting on the banquet. Due to the illness of Dr. Walton, Dean Charles E. Friley made the address of the evening. Many of the representatives of the A. and M. Mothers Clubs gave short speeches.

After a review of the Cadet Corps at 8:00 Monday morning the rest of the morning was spent in visiting the classes and inspecting the various departments of the College.

Many of the Mothers and Dads were unable to be here longer than one day but even at that it was enough to give great happiness to the boys who were fortunate enough to have their parents here. This is an event that is becoming more important each year and more and more parents attend it with each annual celebration and it is with the greatest sincerity that the invitation is extended for more than ever to come back next year and see what their sons are doing.

APPROPRIATION BUDGET MADE

(Continued from Page 1)

\$251,326 each year:

The salary budget and the appropriations for summer school are the items that are worrying the College Heads. The legislature committees plan to put all members of teaching staffs upon a nine months basis, and have only recommended \$20,000 for the A. and M. Summer School, a sum that will not even pay half the expenses of the summer school. The House Committee has yet to complete its budget and it is hoped that that group will allow the College a more liberal amount for salaries. President Walton has appeared before the committees several times in order that the solons may know just what is needed. The amounts recommended by these two committees have yet to be approved by first the House and then the Governor.
