

# Me and the joy-friend... Prince Albert

WHEN my father was in college, "Put *that* in your pipe and smoke it!" was considered snappy conversation. I'm ready to take this old line literally when the talk centers around Prince Albert. Because P. A. makes *two* of what I like in a pipe.

All wise-cracking aside, P. A. is the money when it comes to deep-down satisfaction in a smoke. It's got everything! Cool as the trail of the ice-man across the kitchen. Sweet as vacation. Fragrant as a pine forest.

Think up your own similes. You'll write them all in the column headed "Superlative Degree" when you learn the joys of a jimmy-pipe and Prince Albert. If you don't know this grand old smoke, come around to my room and I'll give you a load.

## PRINCE ALBERT

—no other tobacco is like it!

*P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.*

WEEKS NEWS IN REVIEW.

(Continued from Page 1)

by Secretary of State Kellogg as delegate to the first International Congress of Soils Science to be held at Washington, June 13 to 22. With two delegates from the department of agriculture and nine representatives from a like number of states, Dr. Fraps will represent the United States in the first meeting of its kind.

\* \* \*

Whittier, Calif.—By a unanimous vote of the student body and with the approval of the college officials, Whittier college is to try voluntary chapel. The new order will exist so long as it is considered successful. According to the student council, the plan will be successful so long as the average daily attendance is 60 per cent or more. According to President Wallace Turner, the action is the result of the spirit of democracy at the college.

\* \* \*

Memphis, Tenn.—A reduction of ten points in his term grade has been handed out by the faculty of the Southwestern college here to each student who joined the April Fool strike here on April 1. So many students joined the strike that the faculty were forced to stop classes. The striking students formed a parade through the streets of Memphis, and were joined along the way by numerous high school and grade school students, who caught the spirit of the collegians. The faculty of the college directed that the strikers make apologies to those schools where disorders were created by the parade.

\* \* \*

Oberlin, Ohio.—The roller skating craze, which began recently at the University of Illinois, has spread to colleges and Universities throughout the country. The revived sport appears to be the most popular among the co-eds, although the opposite is the case at Oberlin, where entire men's dormitories take daily exercise on wheels. At Western Reserve University, in Cleveland, the co-eds are being supplied with roller skates by the athletic department. At the University of Minnesota, the women have formed skating clubs.

\* \* \*

Seattle, Wash.—Tobacco advertisements which purport to show co-eds smoking are tobacco in publications of the University of Washington, by action of the student board of control at the request of Acting President David Thompson.

A student loan fund will be started here by the Stone and Webster organization for engineering students and will be available for students next fall. While the fund will be rather small at first, it is the plan to add to it each year until the \$10,00 mark is reached.
