

CATTLE RAISERS.

(Continued from Page 1)

the Southwest. Among those present were, R. M. Kleberg of Corpus Christi, president of the association; L. C. Brite, Marfa, Texas, past president and now president of the American National Livestock Association; J. D. Jackson, Alpine, past president of the association; T. A. Kincaid, Ozona, president of the Texas Sheep and Goat Raisers Association; and Mr. Rollo White, a member of the Board of Directors of the College and also a graduate of the institution with the class of 1895.

As guests of the College, the Committee was welcomed by President Walton and were guests at a banquet in the mess hall Friday night at which the College was host. Dean Kyle was toastmaster of the occasion. A review of the cadet corps was staged Thursday afternoon in honor of the visitors.

Messrs. Kleberg, Jackson, and Kincaid spent the whole of one morning examining the courses listed in the animal husbandry department and offered suggestions as to their improvement, a step very much appreciated by the department.

The dates for the meeting of the 1928 Convention were set for March 20, 21, and 22 and will be held at Amarillo.

JUDGING CONTEST

(Continued from Page 1)

the freshmen of the Animal Husbandry and Dairy Husbandry Departments under the auspices of the Saddle and Sirlain Club. Medals are given to the six highest men by merchants of Bryan and College. This year, the Saddle and Sirlain Club ran the meet in record time as everything was finished by noon. Usually it is an all-day affair.

The men to receive medals were: R. H. Boethel, Hallettsville; E. R. Neumann, Perry; C. M. Floyd, Midland; J. H. Curry, Gatesville; C. O. Schmidt, Mason; and G. E. Love, Jr., Del Rio. They are listed in the order in which they placed.

Besides the high point medals, two other honors are given; the high point man's name is engraved on the Chas. Nitch trophy and the high point man in horses has his name engraved each year on the Purina Mills Trophy.

A. & M. SENIORS
BEAT TEX. GRADS
IN LOYALTY TEST

Aggie Grads Join Alumni Organization—Show Future Interest in School.

A recent issue of the ALCALDE, the official publication of the Ex-Students Association of the University of Texas, states that some 135 members of their graduating class have become members of their Association and that they are expecting several others. Their graduating class numbers over 400 and they feel that their record in enrolling their Seniors is excellent.

This year's class at A. and M. numbers slightly over three hundred. Already nearly two hundred members of that class have become members of the A. and M. Ex-Students Association and there is still another hundred expected to come into the fold.

The situation is typical of the Institutions. A. and M. men believe in their organizations, whatever they may be, and they support them with a 100 per loyalty.

TO THE SENIORS.

To you, the men of '27, that time has come to which you have all been working and waiting. You must no longer consider yourself a member of our great family but more, a son of this great college of ours. Most of you joined this brotherhood four long years ago with high hopes and aspirations; some of these have been realized, others have not. On many occasions your time has probably seemed to have been wasted, and without exception in many instances it was, but the foundation you have obtained and the friendships you have formed could have only been obtained at the cost of many hard, dull hours of work.

You welcomed, those of us remaining, to college as "fish" and it was the true, green type of "fish" that we were. Some of us have been under your care for three long years and they have been happy ones. It is our only hope that next year we can

carry on as efficiently and effectively the standing and the traditions of the school as well as you have done during your stay.

Boys, you are leaving us now to become men in the world. Prove to those not within our A. and M. Brotherhood, as has been proven before, that A. and M. men are real men and worthy of the respect and support of all.

ASSURANCE.

The school term is at an end, the seniors are leaving to take up work in the various fields; their work this year has been a success due to the cooperation and confidence they have manifested in each other and in their student body. They have carried on a great work that they wish to be continued, and the most we, the underclassmen, can do to merit their confidence is to continue the development of our institution and make the most of the opportunities they have provided for us; so when we shake the hands of the seniors for the last time let's let them know we are capable, let's let them know they are leaving their institution in the hands of men of their own high ideals, and that they have done their share toward the progress of their institution.

ALL WET!

'Twas the night before commencement, and all in the hall
 Not a critter was stirring, but wait—
 that is not all.
 We had pulled up the covers, our tired bones to rest,
 When in the dead of night in dropped a guest.
 My room-mate's snoring did rasp and did clatter
 When suddenly there came an awful big splatter.
 There was the sound of Niagra, the burning of Rome,
 O my gosh how that shot did hit home.
 Gasping and gurgling we came up for air
 But the funny part was, that no one was there.
 Now take my advice and buy a shotgun,
 Just sit up all night and get in the fun.
