COLLEGE STATION, TEXAS

A professor coming to one of his classes a little late, found a most uncomplimentary caricature of himself drawn on the board. Turning to the student nearest to him he angrily inquired:

"Do you know who is responsible for that atrocity?"

"No, sir, I don't," replied the student, "but I strongly suspect his parents."

Actor: My kingdom, my kingdom for a horse.

Voice from the Gallery: Will a jackass do?

Actor: Sure, come right down.

CHANGES PUT MORE FUN IN FOOTBALL

Changes made in the official football rules for 1927 provide "the greatest experiment that has been made with the college game since the institution of the forward pass," writes Robert F. Kelly of the sport staff of the New York "Times" in an article, "Putting More Fun Into Football," in the September issue of "Association Men," the national organ of the Y. M. C. A.

The most significant change, in Mr. Kelly's opinion, is that which makes the lateral passes, except those from the snapper-back, become dead if incomplete. Of this Mr. Kelly says:

"Most of all, are we to see a change in the usage of ball passing. It will be remembered that the late Fred Moore, for so many years graduate treasurer at Harvard, introduced and put over at the last rule meeting the safeguarding of the lateral pass.

"Ever since then, when football fanatics have gathered, the lateral pass has raised a storm of discussion. The issue will be settled on the playing field."

"The moving of the goal posts backward, to make the try-for-point after touchdown more difficult, will make it "seem funny when we first sit in football stadiums this year," Mr. Kelly remarks. "Also this year we are no longer to see the frantic throat-catching scramble after muffed punts." A muffed ball may no longer be advanced beyond the point

of recovery.

"To those of us who are more or less disinterested observers it seems that the changes are apt to prove to be of real benefit to the game," he adds.
