

daughter singing lessons."

Judge: "Fifty years."

squad and will also give extra training and practice to them. Upperclassmen should take part because it gives

ketball. A tournament in both singles and doubles will start October 17. Unit managers are urged to sign men for this sport immediately and get their teams organized. A. and M. has never had a winning tennis club. A varsity man is always found in each sport each year by the intramural system. The more that enter for tennis the sooner we will have a winning team. The more that play the keener the competition will be and the more successful the tournament will be.

A Volley ball tournament will also be held in the middle of October. Further plans will be announced later for this sport.

This year a different point system for determining the championship of each league and the college will be used. The unit amassing the largest number of points will be awarded the flag this year. The sports will be divided into two divisions: major sports and special sports. Major sports consist of basketball, football, speedball, play ground ball, track, and cross-country; special sports, boxing, wrestling, golf, hand ball, and tennis. For the major sports fifty points will be given to each unit for each team entered. The team must play the complete schedule or forfeit the entry points. 10 points will be deducted for each forfeited game. The league winner will be given 10 points and the runner up 5 points. The college champion will get 10 points and the runner up 5 points. The team winning the cross country championship will be awarded 10 points, second place 7 points, third place 5 points, fourth place 3 points, fifth place 1 point. The winning swimming team receives the same number of points as the cross-country teams. 50 points will be given each unit entering men in half the events. The champion team gets 20 points, second place 15, third place 10, fourth place 5, fifth place 1.

In the special sports 2 points will be given the unit for each man entered. In case the man wins the championship 5 points also will be given the unit.

Each year the team winning the championship in the respective sports, receives trophies of some description, well worth trying for.

### SQUAD WEIGHTS.
