THANKSGIVING TICKETS.

James Sullivan, business manager of athletics at the A. & M. College, has called attention to the fact that tickets for the Thanksgiving game between A. & M. and the University of Texas will not be placed on sale until Nov. 1 and after.

"Many orders for tickets accompanied by checks are being received," said Mr. Sullivan. "Since we can't accept orders for tickets until after Nov. 1, we are returning these checks to the senders. It will be much better for those who desire tickets to wait until Nov. 1 to order, since we cannot fill orders until then. Tickets for the game are \$2.50 and those who order should send cashier's check or money order with their order."

Mr. Sullivan further pointed out that the University of Texas has the disposal of half of the tickets and that just as good seats may be obtained by applying there as here.

No difficulty is anticipated in caring for the crowd. The new concrete unit of the A. & M. stadium, seating around 10,000 is already in use. Steel stands now in use will accommodate 10,000 more. "We will take care of the crowd if we have to erect a lot of extra seats," Sullivan said. It is expected that it will be possible to seat 25,000 if the need requires.

It's an insult, these days, to tell a girl you hope to see more of her, unless you really intend to marry her.
