FISH FOOTBALL

Putting daily scrimmages against the varsity to good advantage, the Texas Aggie freshman squad is drilling hard for its only game of the season Monday, Nov. 14, when it meets Allen Academy team coached by "Puny" Wilson, former Aggie grid star. The game will be played here.

The "fish" squad has been cut to forty-five men, selected from the nearly two hundred who reported for tryouts at the opening of the season, and the players are rapidly developing team work in addition to the fundamentals of football which have composed the larger part of the training so far this season.

In order to obtain information helpful in the work with the varsity, half of the freshman squad accompanied Freshman Coach R. G. Higginbotham and Henry Eitt, assistant, to Houston last week to see the Rice-Southwestern game, and the other half will go to Austin with Coach F. G. Anderson and D. C. McIntosh to see the Texas-Kansas Aggie game November

With the squad reduced to its present size the coaches are able to devote more attention to the individuals and as a result several men who would prove valuable to future Aggie teams are beginning to attract attention with their playing.

"I'll drop you a line sometime," said the sailor to the man on board.
