The Livestock Judging Team from A. and M. will also compete at the Show for the silver loving cup prize.

Oklahoma University Students Protest Against Ban on Autos

Democracy's salvation affected nine years ago Armistice Day was not quite complete in the opinion of University of Oklahoma students. They were prepared last Friday to make their last stand in the short-lived rebellion of three weeks ago against dating and automobile rules.

A petition prepared by a student committee, asking liberalization of the rules, was presented Friday afternoon to the board of regents in its first meeting since the uprising.

Decisions to place their demands before the board of regents was reached by the students after negotiation with the university administrative council had failed to obtain any concessions. ONLY A. & M. ENTRY THANKSGIVING HOP WINS

Bonnie Anxiety Tenth, Hereford steer calf, owned and bred by Texas A. & M. College, was awarded the grand championship in the fat steer class at the American Royal Livestock and Horse Show in Kansas City Monday. The animal also won two hundred and ten dollars in cash prizes in addition to the grand championship blue ribbon.

The steer was sired by Bonnie Anxiety, the college bred bull, and was displayed in the show ring by Willie Joe Largent, son of C. M. Largent, noted Hereford breeder of Merkel, Texas. Bonnie Anxiety Tenth, weighing 960 pounds, had previously been awarded the championship in the Hereford class of steers. This was the only animal sent to the American Royal by A. & M., and will be sold in Kansas City Friday.

AGROMOMY TEAM GOING TO CHICAGO

The A. and M. agronomy team will leave College at midnight Nov. 22 for Chicago to enter the International Crops contest. The team will arrive in Chicago about 6:30 Thanksgiving day, and Friday will be spent in some special work in hay grading. The final contest will be held on Saturday, Nov. 26.

Four men will make the trip, three on the team and one alternate. These are W. L. Crawford, J. de la Feunte, R. C. Mauldin, and R. M. Zellner. The contest includes the commercial grading of important grains, hay, and cotton, judging the important grains on a comparative basis, and the identification of about 200 different plants, weeds, and diseases of crops, giving the crop name, botanical name, variety name and the locality where each is of importance. There will be about fifteen or twenty schools entered. This will be the first time A. and M. has entered a team in this particular contest.

A widower was to be married for the third time and his bride had been married once before. The groom-elect wrote across the bottom of the invitation to a friend: "Be sure and come. This is no amateur performance."

Practically all plans for the Thanksgiving dances have been completed. The dances will be held Nov. 24, 25, and 26. Music will be furnished by the Merry-makers, a ten-piece negro orchestra from Little Rock, Arkansas.

The Thanksgiving Hop, honoring the football team, will be Friday, Nov. 25. Capt. Joel Hunt will lead the grand march with Miss Doris Dunbar of S. M. U. Hundreds of students and ex-students, as well as visitors, will make merry at these dances and a good time is assured to all.

A. H. MEN MAKE FINE RECORD

The livestock judging team is truly holding up the laurels of A. & M. College. They went up to Wichita and in competition against some of the strongest teams in the South and East walked off with first place. Not only were we first, but Mr. N. E. Ryall, over here in C company, decided he needed some money so he took first place in the whole contest.

Next they went up to Kansas City—The Royal—where they took second place out of about fifty; this time they competed against all the more important schools in the United States. Next comes The International. Don't forget; just one more win and the Bull is ours.

MITCHELL HALL TO BE VACATED FOR THANKSGIVING VISITORS

Mitchell Hall will be vacated from Thursday noon Nov. 24 to Sunday noon Nov. 27 for the accommodation of the feminine visitors to Aggieland. Cadet officers arrived at the above decision after a discussion of every possibility of accommodation from plowing up the drill field to continuous dancing Thursday to Sunday.

The men who live in Mitchell Hall have preference in reservations for their own friends and relatives. Other cadets will provide for their visitors by arrangement with the present occupants of the rooms. On the other hand the men who live in Mitchell Hall will make arrangements to occupy the rooms of men who are going home over the holidays.

The Y. M. C. A. is to provide negro maids for the maintenance of the hall during the holidays and it is to be completely turned over to the feminine visitors except during the hour of 12 to 1 p. m. each day. At this time the hall will be vacated and cadets who live in the rooms may go in to get books, toilet articles, etc.
