

Put your
pipe on
P. A.

WHAT you get out of a pipe depends on what you feed it. Millions of contented jimmy-pipers will tell you that Prince Albert commands a pipe to stand and deliver. You suspect you are in for some grand pipe-sessions the minute you get a whiff of P. A.'s aroma.

The first pipe-load confirms your suspicions. What a smoke, Fellows! Remember when you asked for the last dance and she said "You've had it!"? P. A. is cool, like that. And sweet as knowing that she didn't really mean it.

Sweet and mellow and mild and long-burning.

Put your pipe on P. A. You can hit it up to your heart's content, knowing in advance that P. A. will not bite your tongue or parch your throat. That one quality alone gets P. A. into the best smoke-fraternities. And then think of all its other qualities!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

ing handicapped with eye shades.

The courts are concrete and are painted green which protects the players' eyes from the glaring reflection of the sun and the crevices in the concrete are filled with asphalt to allow for expansion without cracking, a fault found with most concrete courts. Instead of having the courts lined off in the usual way, a durable paint which will stand up under all weather conditions was used and it will be unnecessary to mark off the courts more than once a year.

New York, Nov. 11.—The Interfraternity Conference, annual gathering of delegates from practically every men's fraternity at American colleges and universities, will meet at the Hotel Pennsylvania here Nov 25 and 26. More than 200 delegates, representing 60 different fraternities and coming from a hundred institutions of learning, will be present when the conference is called to order by Judge William H. Bayes, chairman of the interfraternity organization.

A number of college presidents and a score of deans and professors from all sections of the country will meet with the fraternity delegates for a mutual discussion of collegiate problems. Among the colleges to be represented will be Illinois, Yale, Cornell, Columbia, Penn State, Rutgers, Wisconsin, Minnesota, Michigan, and many others.

First among the subjects for general discussion will be the question of scholarship, for the Interfraternity Conference has been actively cooperating with college officials in an attempt to better the scholastic standing of students. Other problems to come before the meeting will be the movement for economy in education, the fraternity's relation to the parents of its members, the proper development of freshmen.

I LOVE YOU BECAUSE—

Self analysis is cruel at times
But when I analyze 'bout you
My thoughts just seem to flow in
rhymes
And every thought is fresh and new.

I oft recall your golden hair
A thousand times or more.
Each added thought just makes me
swear,
'Tis sweeter than ever before.

Those liquid pools of dancing joys,
In which my own dull orbs oft dive
To drink their beauty that never cloys,
Leave me drugged and barely alive.

Your mouth! Oh lovely lair
Of cupid and his clan,
Who love to dance on your lips and
hair
To tantalize each man.

One kiss . . . a sacrilege to want it,
And yet were it death to partake,
There lives not a man but who un-
daunted
Would kiss . . . were he burned at
the stake.

Though I love you with soul burning
passion
And my heart soars afar and aloft
What gives you your chiefest attrac-
tion
My dear, you are Oh! so soft!

GAMES THIS WEEK

Arkansas vs. Austin College, Fayetteville. All other games carded Thanksgiving.

DEBATERS TO HAVE BENEFIT SHOW

Members of the debate council have secured a show for the benefit of the debate team, the benefits of the show being used to defray expenses on debating tours. The show will be Clara Bow in "Rough House Rosie," and will be given Friday night, November 18. Admission to the show will be twenty-five cents and the show will be well worth the money.

A tour will be made some time after Thanksgiving in which the team will debate at the following places: Southwestern University at Georgetown, Howard Payne at Brownwood, Abilene Christian and McMurray College at Abilene, and Trinity University at Waxahachie. Various other contracts are pending and will probably be closed in the near future. With

the members of the debating team working so hard in arranging debates and so many good debaters, it is up to the cadet corps to help put over the show and start the debating year right at A. & M. College.

Another step forward in the effort to make the athletic equipment of the A. & M. College of Texas as complete and modern as that found anywhere has been taken with the completion of three new tennis courts for the use of the Aggie varsity and intramural players.

The three courts are located away from Kyle Field, being the only facilities of the Aggie athletic equipment not included in this one field. The new location was chosen because of the unusual amount of light which falls upon the site, enabling the players to pursue their sport without be-
