

**THE GLORY OF CREATING**

The extensive Purina experimental farm is only one evidence of the thoroughness with which all Purina Mills operations are conducted.

herdsman for more than a year.

Mr. Otto Staerker, '19, is in charge of the construction work for the Community Natural Gas Company, which is laying pipes for supplying the campus with natural gas. The construction work which will be completed by February 1st, will afford work for those student who have the time.

All the college laboratories, the mess hall, and most of the campus houses will use the gas. Some of the shacks will be furnished with gas next year, and if it is satisfactory, all of the shacks will be using gas in a short time.

The senior M. E., E. E., and ChE. students will run a steam test on the college power plant on Friday, January 13. The test is run every year by the senior students. The test requires the full day, the students being divided into a morning and an afternoon shift. Instructions will choose those students most adapted to running the test, and these students will run a similar test a Prairie View.

**BETTER HEALTH SPECIAL COMING**

The Missouri Pacific Texas Better Health Special, which starts on a tour of 2500 miles through the state on January 16, will stop at College Sta-

tion from 10:50 a. m. to 11:20 a. m. on Jan. 20, during which time the cars will be open to public inspection. This train of six cars carries an elaborate exhibit of numerous sanitary devices, showing the latest equipment in the work of sanitation, and explaining advanced methods in the control of health menaces. Photographs, working models, and miniature sewerage disposal plants will be shown with experienced men to explain the exhibits in detail. In one car, constructed especially for this purpose, will be shown motion pictures, accompanied by lectures by well known men in the field of sanitary activity. Everyone who possibly can is urged to see this exhibit and to help make Texas a better and healthier state. The train will stop for only half an hour and all interested persons are cordially invited to visit the train, inspect the exhibits, and hear the lectures.

**NEW MEXICO A. & M. CREATES SENSATION BY CO-ED FOOTBALL GAME**

New Mexico A. & M. created quite a sensation in athletic circles when two of the Sororities of that school played a post-season football game on Dec. 3. These two Sororities had come through the season undefeated and it was necessary to play off the tie. The Kheth Samekhs won the

game from the Sigma Deltas by the very narrow margin of 7-0. This is the first real co-ed game that has been played in the West and deserves mention because it was a contest filled with the spirit of earnest fight interspersed with showings of real field ability and generalship.

**SAY, BO! DIDJA?**

Say, Bo! \* \* \*  
Didja ever \* \* \*  
Get up in front \* \* \*  
Of an English class \* \* \*  
All dignified, \* \* \*  
And read a stir- \* \* \*  
Ring passage from \* \* \*  
Shakespeare, and \* \* \*  
Did the prof. \* \* \*  
Tell you that you \* \* \*  
Were too big a \* \* \*  
Man to have such \* \* \*  
A timid voice? \* \* \*  
Say, Bo! Didja ever? \* \* \*

"Hippo" McCollum did!

The A. and M. Poultry Farm has just purchased a White Leghorn cockerel, valued at \$250, which is one of the best bred-for-egg-production cockerels of his breed to be obtained in the United States. This cockrel has been mated to the twelve best hens on the college farms, which have records of 240 to 290 eggs for their first year. The pullets from the mating will be carefully trap-nested in the hope of getting some high record hens.

**Returns to His Favorite Tobacco**

Boerne, Texas  
Oct. 14, 1926

Larus & Bro. Co.  
Richmond, Va.

Dear Sirs:  
I am a prodigal son. I began pipe-smoking with Edgeworth. But after a while I began to wander, trying other tobaccos, experimenting to see if there were any better tobacco for the pipe. I have tried most of the best known brands and a number of the more obscure, both imported and domestic, but they didn't suit. So now I have returned—I am using Edgeworth again, satisfied that no better tobacco is made. "And the prodigal son partook of the fatted calf"; I bought a new pipe when I returned to Edgeworth. With many thanks for my cool, mellow, sweet smokes, I am,  
Very truly yours,  
"H. D."
