

Today the telephone makes the far west the near west.

Coronado blazed the trail

As explorer and discoverer in the great southwest, Coronado pioneered a trail which telephone lines now traverse.

To project and construct these lines across plain and desert and over mountain range was also the work of pioneers, men not afraid to grapple with the frontiers either

of geography or of scientific knowledge.

Men of the Bell system have penetrated through trackless problems of research, of manufacture, of telephone operation and of management. They purpose to continue their advance, all in the interest of better service to America.

be driven by young ladies, each representing the progressive stages in the development of the automobile from the earliest models to the model of today. This will be fascinating, new, unique in itself, presenting an array of craftsmanship and beauty never before equaled. An authorized factory representative of each model car exhibited will be on hand to explain in detail all mechanical features.

Supplementing the Automobile Show will be the Farm Machinery Exhibit which is expected to prove equally as interesting and instructive as the automobile section, as it will include the very latest designs in the way of Farm Implements; such as, the cotton stripper, cotton chopper, silage cutter, power take-off binder, grinders, and two-row implements of all designs. Included in the complete line of tractors to be shown are: McCormick, Hart Parr, John Deere, Farmall, Case, Holt, and Fordson.

Throughout the 2 hours of this unusual entertainment, there will be plenty of music furnished by the 100 piece A. & M. Band, selections by a male quartet, and novelty stunts. For the student, farmer, ranchman, professional and business men, this exhibit should prove not only interesting, but of untold value. Visitors are expected from all surrounding towns and cities, as well as our own Bryan and College people. Some three or four thousand people are expected and plans are under way to accommodate them. No admission will be charged. Come early and secure good seats.
