

the Freshmen to gain their win of 22-18.

The game was exceedingly fast and a number of players were forced out of the game because of fouls.

The entire Freshman squad made a favorable showing, with Harcastle and Hoke forwards, and Smith and Lamb guards, outstanding.

**OLDER BOYS CONFERENCE**

(Continued from Page 1)

trip through the various departments and seeing A. and M. College in general, under the direction of Mr. Cashion. On Saturday afternoon, free admission will be given the conference to the intramural football game, and an assembly will be held in the Gym at five o'clock for mass games and stunts. On Saturday evening comes the conference Banquet, and the free picture show in the Assembly Hall.

The Conference will attend the chapel services next Sunday morning in a body, and Dr. Lee will deliver the sermon.

**CONFERENCE STANDING**

U.S.S. Saratoga

**A Marvel of National Defense**

From this 2½-acre deck, Uncle Sam's battle planes can now leap into action—sure of a landing place on their return, though a thousand miles from shore.

This marvel of national defense was accomplished—and duplicated—when the airplane carrier, U.S.S. Saratoga, and her sister ship, U.S.S. Lexington, were completely electrified.

In each, four General Electric turbine-generators deliver,

combined, 180,000 horsepower to the propellers—enough to drive the ship at 33 knots (39 miles an hour)—enough to furnish light and power for a city of half a million people.

The design and construction of the electric equipment for the U. S. S. Saratoga and the U.S.S. Lexington, to which college-trained men contributed in great measure, exemplify the part General Electric plays in promoting the welfare of the nation.
