

Tim Mills, the slender, black-haired little back from Groesbeck, is proving to be one of the best ball-toters among the Aggie flock. He is also a good passer, although not one of note. He will have one more year of competition and if he continues to improve should be a great offensive star next year.

Jack Christian of Abilene and Magrill of Marshall are two former All-State High School linesmen who are looking mighty good on Hig's "Fish" football squad. And there are others, although the backfield material does not look over-pelntiful.

"Red" Petty of the Aggies is about the best end in the conference this fall. He is a great defensive end, smart as a whip, and a nice pass receiver. He should be a certain choice for the mythical All-Conference eleven.

With the third defeat in a row marked up against them, and with

the dope against them to win more than one more conference game, this season looks like one of the poorest the Aggies have ever had since Dana Bible took the reins of the A. and M. Athletic program. Arkansas scored more touchdowns against the Farmers than any other team has been able to do since Bible took charge in 1917.

C. M. Close, '23, was recently made District Sales Manager for the Purina Mills with headquarters at Jonesboro, Arkansas.

There are some who think Federal aid to farmers will have to wait until drouths have been abolished.

It doesn't make much difference who is Vice-President, but we would like to see one from Arkansas for a change.

Furthermore, if we ever buy a raincoat, it is going to be a blue one, to match our eyes.

"Not a cough in a Film-ful"

says Norma Talmadge after the Blindfold Test

"When you see my new United Artists' picture, 'The Woman Disputed,' you will notice that I smoke cigarettes in several scenes.

"Not wanting to show partiality to any one of the four leading brands, I decided to make my choice via the blindfold test, which I had heard of many times. Happily, I picked OLD GOLDS.

"I found them smooth, mild and delightfully cool . . . Hereafter, when I am required to smoke I shall naturally insist on OLD GOLDS. There's not a cough in a film-ful!"
