10-Yr. Man Still Lauds This Smoke

Utica, N. Y. Aug. 30, 1928

Larus & Bro. Co., Richmond, Va.

Gentlemen:

Just a line to let you know where some of your tobacco has been going for the last ten years.

I have been smoking Edgeworth for the past ten years; in fact, since I started smoking, and it is just as good now as it was then. Have given other brands a fair trial, but there is none like Edgeworth. During that time I have had costly pipes and some not so costly, but I have decided that it is not the pipe but what is in it that counts.

With best wishes for your continued success in the manufacture of this high grade tobacco, I am,

Sincerely,
(Signed) N. A. Vaeth

DEBATERS ENTER MORE CONTESTS

Date for a debate between A. & M. and Southern Methodist University has not been reset as yet, but will probably be done the latter part of this week, Coach C. O. Spriggs of the debating team has announced. This debate was originally scheduled to be held on March 15, but was postponed because of the inability of the Mustang debaters to come here at that time.

The debate will probably be scheduled on either April 10, 12 or 15, Mr. Spriggs has stated.

Aggie land will be represented by W. G. Carbahan and B. A. Clutter, Sophomores, in this contest. The question will be "Resolved: That in a Democracy the Cabinet Form of Government is Preferable to the Presidential Form." The Farmer speakers will have the affirmative side of the question. Three judges, as yet unnamed, will render a decision.

April 4 will see the debaters in two contests with the Sam Houston State Teachers College. One group will debate here, and another will argue at Huntsville, the home of the Bearcats. The question this time will be "Resolved: That the United States Should Adopt Some Substitute For the Jury System."

Each school will have a chance to consider both sides of the question.

THE TENNIS SEASON OPENS

"I believe that in the future practically all of the ranking tennis players on this side of the water will be college men," says William E. Hinchliff, coach of the tennis and squash racquets at Yale, in the April College Humor. "At Yale it is estimated that two-thirds of the students play tennis. The number of courts could be doubled again and there would still be too few. The preparatory schools of the country are filled with brilliant young players. It takes no stretch of the imagination to see them playing tennis and continuing their interest in the game when they matriculate at the higher institutions of learning.

"Speaking of tennis in a general way, I would like to point out the fact that the dope is upset in tennis probably less than in any other sport. When both players are in trim and fighting for all they are worth, you will have a hard time finding a sport that brings such consistent victories to the admittedly better players. It is a sport where one can work with one's game at practice and feel confident that the breaks of the game will have little or no effect on the outcome of contests."
