

ONLY LOSS OF TRIP

(Continued from Page 8)

my session in the seventh inning, in which Captain Colrick of the Micks did some plain and fancy "beefing" and it would seem that he was getting in some telling points, as Umps Hooper shooed him off the field, and then out of the park. During the same melee, pitcher Rust became irritated by the continuous strains of "Wild Cat," and finally threw down his glove and walked off the mound, but not until after he had walked Austin Bray, and in walking Conny, threw three balls out of the reach of catcher Lordi, upon which Bray scored. Perhaps it is not customary in the North for the home team to put on such a demonstration, which would account for the visitors' attitude because of our having done so; but the propriety of that, like all other etiquette, is dependent upon prevailing customs—in France, one picks his teeth at the table; in Italy, one winds his spaghetti around his eating tools; but that is not done in the best of circles here. Jachym and Burns were substituted for the departed pair, and the game went on. Those who call this bunch "Fighting Irish" make no mistake, for they were putting up a hard scrap all the way, which always excites the admiration of A. and M. men.

The showing made by Pete Wendt was encouraging to Aggie partisans, as the short lefthander was throwing it in there in good style, and held the Hoosiers to 6 hits, upon which they scored 2 runs, by the aid of 2 errors. Conover slapped one to the stadium for another circuit blow; Martin got two clean hits, while Old Man Cody played a steady game at third. Capt. Lackay caught

well, and finally shook off the hard luck that has been sending his drives into fielders hands, or making them foul, by slashing out a base-hit, and Johns chalked up a single and a double. Pampell has just cause for a grievance against McClery, Mick second baseman, who raced over behind the middle bag to make a barehand stop of Frog's seeming hit in the fourth. Kasprowicz, after relieving Pete, pitched good ball, and showed an improvement in control over his last attempt.

Four members of the Notre Dame baseball club were members of the football team last season. Captain John Colrick, first baseman, played end, and it was he who caught the game-winning pass against the Army; John Law, a catcher, was captain and a guard on the eleven; Tim Moynihan, another catcher, played center; and Jim Bray, outfielder, was a halfback. All these men were regulars; and Colrick and Bray also play basketball.

The Aggies will go to Austin next week to try to duplicate their performance against Billy Disch's Steers in a two-game series.

TEXAS WINS ONLY  
THREE FIRST PLACES

(Continued from Page 8)

Aggies Meet Rice Saturday.

Saturday, when the Aggies journey to Houston to take on the 1928 champions, Coach Frank Anderson will greatly miss the services of Tom Mills, who will make the trip to Austin with the ball team. This will probably cost the Aggies between 20 and 40 points as Mills could easily win both the high jump and broad jump though if Farmer's injury heals in time he will be able to stop the Owls in the broad jump. The Aggies should easily win the pole vault, javelin, mile relay, discus, high and low hurdles, 880 and 440-yard dashes. The Aggies are practically cinches in the above events, comparing the time and distances set in the two dual meets the past week.

Tom Mills jumped five feet 10 inches and the Rice jumpers get less than five feet eight inches. Mills will be missed especially in this event. Mills also did an inch better in the broad jump than the Rice stars and Mills has not practiced this year. The following is the result of the Texas-Aggie dual meet:

100-yard dash—O'Neil, A. and M. first; Burgess, A. and M., second; Beaty, Texas, third. Time, 9:9 seconds.

Mile run—Thomas, A. and M., first; Winders, A. and M. second; Williams, Texas, third. Time, 4 minutes 39 seconds.

220-yard dash—O'Neil, A. and M., first; Wilkey, Texas, second; Emmons, A. and M., third. Time, 21.5 seconds.

120 high hurdles—Slocumb, A. and M., first; Baldwin, Texas, second; Mondrik, Texas, third. Time, 15.4 seconds.

440-yard dash: Hodges, A. and M., first; Tracy, A. and M., second; Harris, Texas, third. Time, 50.8 seconds.

2 mile run—Shumaker, A. and M., first; Winders, A. and M. second; Cole, Texas, third. Time, 10 minutes 26.7 seconds.

220-yard low hurdles—Slocumb, A. and M., first; Mondrik, Texas, second; Smith, Texas, third. Time, 23.6 seconds.

880-yard run—Thompson, A. and

M., first; Guffin, Texas, second; Michael, A. and M., third. Time, 1 minute 59.3 seconds.

One-mile relay—A. and M. first, Session, Tracy, Hodges, O'Neil. Time 3 minutes 26.3 seconds.

Shot put—Baldwin, Texas, first; Bartlett, A. and M. second; Markel, A. and M. third. Distance, 44 feet 6 3-4 inches.

High jump—Howe, Texas, first; Perkins, Texas, and Marsh, Texas, tied for second and third. Height, 6 feet.

Javelin throw—Floyd, A. and M. first; Perkins, Texas, second; Gallo-way, Texas, third. Distance, 201 feet.

Discus throw—Baldwin, Texas, first; Farmer, A. and M., second; Bartlett, A. and M., third. Distance, 135 feet 5 inches.

Broad jump—Mills, A. and M., first; Perkins, Texas, second; Craig, Texas, third. Distance, 22 feet 7 1-2 inches.

Pole vault—Sandberg, Texas, and Stitler, A. and M., tied for first and second; Ashley, A. and M., third. Height, feet 11 1-2 inches.

WACO GAME

(Continued from Page 8)

weathered three innings, giving up only three hits. In the fourth his mates made a few errors and six runs came in. This seemed to dishearten him and the Cubs counted three more times, Kasprowicz relieving him in the seventh. Only one run and two hits were secured off his delivery. Both the Aggies and the Cubs completed double plays in this game. Lackey to Pampell and Hearth to Windle.

The Aggies jumped into the lead at the first and Tom Mills' superb pitching kept the Waco scoring down. Kasprowicz relieved him in the seventh and with two men down, the Aggie defense again faltered and errors allowed two runs to sift in. Mills allowed four hits and three in the six innings that he flipped them across the plate. He was taken from the game because he was to compete in the track meet with Texas at Austin the following Saturday. Mills showed that he has stuff and is a winning pitcher.

The winning of this second game was really a greater fete than many realize. Brancheau, starting pitcher for the Waco team played in class B ball last year and won 22 of his games. Rather fair going for a bunch of college lads, getting two home runs and two triples for five runs in four innings. The second pitcher did not fare much better, the Aggies clouting two more home runs.

The Aggies were forced to change the line-up because Johns' arm became very sore. Weston was pushed over to short and Coady, veteran utility player, took third and how! He accepted eight chances without an error. Six put outs and two assists. Further he was on the final end of two double plays and the starting of a third. Looks like Cody might stick there now, but Freddie Weston will put up a mighty battle and Cody will have to continue to clout the pill and play ball.

In the two games the Aggies got four circuit blows and the Cubs one. Rye was the stick man for the Cubs. Conover, Mills, Martin, and Pampell delivered for the Aggies.

The Waco skipper commented on
