MOTHERS DAY

(Continued from Page 1)

On this nationally recognized day set aside for the purpose of paying tribute to our parents, let us do our part in making them realize our true feelings on this occasion. On these days we have the pleasure of doing honor to those people whom we truly regard with the greatest respect. They, of all people, we wish to please.

A vision come true

In a part of Africa little known to the whites, where obscure trails ran, Cecil Rhodes dared to envision a railroad. He lived to build it.

The railroad itself was part of a vaster dream, a dream of a far inland colony linked fast to existing coast settlements by rail and wire communication. And he lived to build Rhodesia.

First the dream, then the reality, is the

rule with telephone men too, as they work to greater heights of service. But in between, they know, must come periods of careful planning and smooth coordination of many elements.

Scientific research, manufacturing, plant construction, commercial development, public relations, administration—many varied telephone activities offer a widening opportunity to practical-minded visionaries.

Gentlemen:
 In answer to the challenge of J. J. Roberts of Columbia, S. D., as printed in the Minneapolis Journal dated Sunday, September 2nd, I have smoked Edgeworth for twenty-three (23) years and for two years previous to that time I smoked Qboid, which, I believe, is manufactured by your firm.

During this time I have smoked at least one can each day, and to verify this statement you may address the C & C Cafe of this city, where I make my tobacco purchases.

It may be interesting to know that my purchases of Edgeworth during this period have totaled more than 8395 (eight thousand three hundred ninety-five) cans, representing a total expenditure of more than \$1259 (twelve hundred fifty-nine dollars).

I have never smoked any other brand of tobacco but Edgeworth during the twenty-three years.

Yours very truly,
 (Signed) Chas. Bostock
