

its chance to place second in the meet when Watts was disqualified in the high jump after clearing the bar at 5 feet 11 3/4 inches, the height at which four others tied. He was declared to be diving over the bar.

Only three Conference marks were bettered this year. Bracey and Leland were sure bets to better former marks, but the elements bested the two flyers and new records were established only in the field events. Two of the records were set by Aggies and the third by Captain Leo Baldwin of Texas. Floyd, sophomore

strong man of the Aggie team, bettered the javelin throw by eleven feet when tied wings on the shaft for 204 feet, 4 1/2 inches. The former record was set by Ox Dieterich in 1925 when he set the record with a 193 foot, 5 inch heave. Smith's leap of 23 feet, 5 1/2 inches was expected to stay put, but Farmer shaded the former Longhorn's star's mark by 4 1/2 inches. Baldwin broke his own record of 144 feet, 4 1/2 inches in the discus with a 153 foot, 4 inch throw. At the present time Texas University athletes hold 7 of the records in the conference, the Aggies 4, Rice 2, S. M. U. 1, and Rice and S. M. U. 1 jointly.

Cy Leland, T. C. U. Soph flash, bested the Dixie Flyer in the furlong after Bracey had nosed him out in the century. The times were rather slow on account of the strong wind but both races were the high lights of the meet.

**AG TANKERS READY FOR MEET**

(Continued from Page 8)

affair. Starr and Rucker will work on the board, but as yet no entries have been made for the Aggies in the half mile free style race.

The meet Sunday will be the fifth for the Aggie aggregation since its organization three years ago, and the team has yet to taste the cutting sting of defeat. The first year there was not one meet scheduled, while two were run off last year and one so far this year. During this time the Cadets have lost but three first places and tied for one in individual races in meets.

The contest Sunday will be watched with interest by all devotees of the watery sport here, for strong efforts are being made to include swimming in the list of Southwestern Conference minor sports. The Aggies are at present about the class of the loop, and will likely continue in this position for another year at least. It is understood that the matter will be brought up before a meeting of representatives of all schools in the conference, and that both A.

& M. and Texas University will vote favorably on the matter.

The main objection against the recognition of swimming as a minor sport here now is the lack of a suitable swimming pool. There is no school owned pool on the campus, and the only one located here is operated by the Y. M. C. A.

**SAN JACINTO HI WINS**

'19. Other schools winning the annual meets are Brownwood, Marlin, Hillsboro, Cleburne, Austin, Bryan Hi of Dallas, and Main Avenue of San Antonio.

Snider, Captain of the victorious high school team, also took high scoring honors when he accounted for ten points of his teams' points. Hale of Smithville was second with 9, and Holloway of Lufkin third with 8 1-3.

Although several Conference times and distances made this season in dual meets were equaled by the high school lads, only one meet record was broken and two tied. Baxar of Nacokdoches, coached by Spratt, former Bible All-american linesman, cleared the bar at 12 feet and broke the only record. Hale of Smithville and Aucion of San Jacinto cleared the bar with six feet leaps, going as high as anyone in the conference has been able to jump this year. This tied the previous record of Phillips of main Avenue made in 1926. The 100-yard dash was also equaled with 10 seconds flat. Holloway stepped the 440-yard dash off in 50 flat, negotiating the distance just eight
