

UNIFORM CHANGES

Official announcement has been made of the changes in uniform for the coming year. The foremost change is the substitution of leather leggins for the olive drab canvas leggins reinforced with leather. However, until the present supply of the latter is exhausted both will be worn, notwithstanding the fact that students will be required to have at least 1 pr. of regulation leather leggins to be worn uniformly on special occasions that will arise from time to time.

Freshmen should by all means read uniform regulations thoroughly before attempting to buy any second-hand clothes. Proper warning has been issued so that it will be their own misfortune if they do not obtain the proper articles of uniform. Students will not be permitted to wear light-colored serge shirts; these must be olive drab, and must comply with regulations in color and quality. Head gear must be worn to and from the classroom.

Most tailors are willing to cooperate with the college authorities in matters concerning the sale of regulation equipment. They will be glad to inform the students what is and what is not prescribed as regulation. For the benefit of the students it would be wise for each to exercise his own judgment and to listen to the merchant's advice.

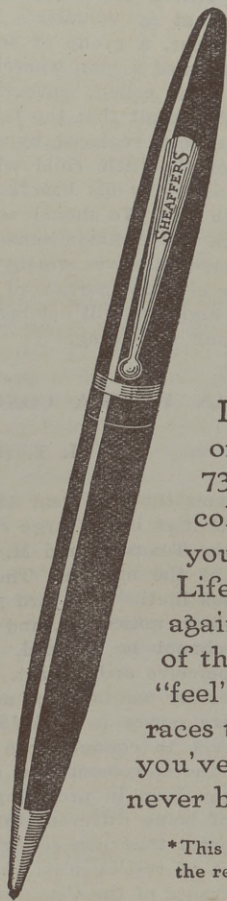

FOUNDATION FOR NEW LIBRARY COMPLETED

One of the most modern and better equipped libraries in the Southwest will be the pride of A. and M. College this coming year. Every effort of mind has been put forth to model it, in such a manner, as to make it suitable to the taste of those funny individuals who are seekers of knowledge and truth. A collection of pictures has been obtained in New York by Mr. Mayo to ornament the interior besides some special furniture and drapery.

It is indeed a fact to be regretted that Governor Moody could not agree with the Legislature on passing sufficient appropriations for the College. The library gets only \$5,000 a year to buy books, periodicals, fixtures, etc., an amount very limited if we take into consideration the new books that are needed in the library.

The new library is being built through an appropriation of \$225,000 besides \$25,000 for fixtures. It will have a capacity for 300,000 volumes, which is five or six times greater than the amount in the present library; and from four to five persons can be given accomodation at a time. Mr. Orth, an ex-student of this institution, is engineer for the college and Mr. Mayo with the cooperation of Mr. Vosper, Mr. Finney and Mr. Norton, all three of the Architectural Department will design the ornamentation.

My Dearest Who:

To all the darlings in C. I. A. Well, Babies, I'm sending you my picture to give you an inspiration of an ideal and a GOOD LOOKING MAN. First I will give you some idea or a slight description about myself. I am a color sergeant (not a colored sergeant). I'm in the field artillery, a junior and a pretty dog-gone good-looking babe. I sure would like to write to a pretty honey. If you are anyone want to write to a hot papa, just address it to:

Color Sergeant Frank A. Sheppardson, Field Artillery Battalion
D. O. L.—A. W. O. L., College Station, Texas, U. S. A.

Box 555

Note: This letter was mailed to the author's corresponding address at C. I. A. The failure of the addressee to claim it, the epistle was forwarded to the dead letter office at Chicago. It was returned to the author, who now awaits the congratulations and praise of his fellowmen and will take great pride in displaying it to anyone interested. Incidentally, there was a picture of this illustrious gentleman included in the message. Because of the outstanding grammatical and rhetorical errors apparent in it, we suggest that he take a course in English under Mr. Morgan.
