at its best ... in a pipe

MEN'S preference for a man's smoke—the pipe—is plenty positive. But do you know why? We'll tell you.

We'll tell you. First, pipe tobacco's different— for instance, Edgeworth. Second, tobacco smolders as it should in a pipe. And third, these mean you get more satisfaction—greater relish of the good old savory burley, soothing fullness of rich smoke.

There's even a fourth reason: you like good company. The pipe-smok-ing brotherhood is that.

Tobacco's at its best in a pipe. It gets a chance to be itself there—to loosen up as it comes to life, to ex-pand and take in air and glow. Only the choicest leaves get that chance, moreover, for pipes tell the truth about tobacco. Choice leaves, choice blends, and mighty careful han-dling.
